788 Lamar State College - Port Arthur

Lamar State College-Port Arthur (LSCPA) is a two-year institution of higher education and a member of The Texas State University System. Lamar State College-Port Arthur serves the educational needs of the greater Port Arthur area and attracts students from Jefferson, Hardin, and Orange counties. The college provides an affordable, accessible, and quality education that prepares students to continue their education at a four year institution and employment in a changing economy and workforce. The College offers associate degrees as well as academic courses that transfer to four-year institutions. LSCPA serves over 5,200 students annually.

Lamar State College-Port Arthur, located in Port Arthur, is positioned adjacent and parallel to the intercostal canal. The historic campus has 29 buildings with 134,686 square feet of instructional space. Four buildings are more than 100 years old. Port Arthur's population of 54,584 is described as economically depressed with an unemployment rate of 9.9 in 2015 and an average household income of \$23,180 in 2014. At least 78% of the student population in Port Arthur Independent School District qualified for the Free and Reduced Lunch Program.

The student population at LSCPA is a diverse population of white, black, and Hispanic ethnic groups which represents 37%, 28%, and 25% of the student population respectively. Much of the student body arrives on the steps of the college with multiple barriers to success which include low socioeconomic status, academically underprepared, at-risk ethnic groups, and first generation college students.

The need for support services for at-risk students can be taxing to a college. To provide additional critical support to ensure the success of the low income and Hispanic student populations, the college is working to submit an application for a Department of Education Title III and/or Title V Grant. Title V programs strengthen institutions serving Hispanic and other low-income students. Title V programs, as well as the Title III programs, provide financial assistance to help institutions solve problems that threaten their ability to survive, to improve their management and fiscal operations, and to build endowments.

LSCPA experienced a 30% decline in contact hours in the Fall 2014 Semester due primarily to the loss of a popular online nursing program. The concomitant decline in formula funding would have had a devastating impact on the viability of the college. However, hold harmless funding authorized by the 84th Legislative Session allowed LSCPA to re-organize and focus efforts to resolve campus struggles.

LSCPA is very appreciative for the appropriations which stabilized funding so we could plan for a successful future. The college implemented several strategies to address a looming budget problem. In the past two years, the college 1) created a Workforce Training and Continuing Education Department, 2) implemented a recruiting plan to improve enrollment, 3) identified and eliminated campus inefficiencies, 4) eliminated several staff positions and combined multiple office functions, 5) increased the number of dual enrollment partnerships with local school districts, 6) received approval to partner with Port Arthur Independent School District to offer an Early College High School, 7) requested and received permission from the Board of Nurse Examiners to initiate a vocational nursing program, and 8) applied and received a Department of Education, Second Chance Pell Experiment Grant.

In addition, LSCPA has redesigned its recruiting plan. A sample of changes included the re-organization of Student Services Office, elimination of student barriers, contemporary commercials and print materials were developed and published, advising improvements, and strengthened participation in recruiting events. As a result, enrollment in Summer I and II have increased and Fall 2016 Semester enrollment is expected to increase when compared to the Fall 2015 Semester.

LSCPA's partnerships with the local school districts was strengthened when the 83rd Legislative Session approved HB 5. LSCPA has executed agreements with Port Arthur Independent School District, Port Neches Groves Independent School District, and the Bob Hope Charter School to conduct dual credit courses in drafting and welding for 11th and 12th grade students at Memorial High School. Students who complete the College's 20-semester credit hour drafting and welding certificates can subsequently enroll in the AAS programs in those disciplines in the Fall 2016 Semester.

Administrator's Statement

8/15/2016 12:30:17PM

85th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

788 Lamar State College - Port Arthur

LSCPA is grateful for the continued support from the Texas Legislature. Lamar State College Port Arthur fully supports the Higher Education Coordinating Board's Formula Advisory Committee's recommendation on formula funding.

Tuition Revenue Bond Debt Service was requested for FY 2018 and 2019 at the anticipated level required to satisfy debt service requirements on all existing TRB authorizations, included is the new authority provided by House Bill 100, 84th R.

LSCPA strives to provide a safe environment for students, visitors, faculty, and staff. In an effort to maintain a safe environment, LSCPA conducts criminal background and E-Verify checks on individuals hired and for vendors who have permanent staffing on campus.

4% Baseline Reduction

In accordance with the Policy Letter issued June 30, 2016, LSCPA has trimmed four percent from our base appropriation level for the Biennium 2018-2019 in the amount of \$156,724 from the Special Item funding for the Vo-Tech and HVAC Program. This reduction will have a negative impact on the potential growth of our newly implemented Drafting Program schedule for Spring 2017 and HVAC program scheduled for Fall 2017 when our new Industrial Technology Center will open. A 4% reduction would force the College to consider reducing course offerings, terminate the new programs, or increase fees.

In addition to Formula Funding, LSCPA has two exceptional item requests:

Exceptional Item Requests

- 1) Restoration of the 4% Reduction - 1) The 84th Legislative Session provided start-up program funding for HVAC, drafting, welding and other vocational programs. This additional funding has allowed LSCPA to develop and begin implementing new curriculum and vocational offerings that attract students to our campus. Our new Industrial Technology Center, made possible by House Bill 100 during the 84th Legislative Session, will open in August 2017. LSCPA added an additional 4,725 square feet to the building specific to these programs. Our new Center will also double our capacity for Instrumentation and add one-third more majors for Process Technology. The loss of \$156,724 for these programs would be detrimental because there will be no General Revenue funding earned in this base year to support the HVAC, drafting and welding programs in FY2018 and FY2019.
- 2) Early College High School - Lamar State College-Port Arthur is requesting exceptional item funding for the Early College High School (ECHS) of \$535,000 (\$200,000 for the first year of the biennium and \$335,000 for the second year of the biennium) for the following purposes:
 - Two additional college faculty to teach college courses;
 - Additional support staff to serve the ECHS students.

LSCPA worked with Port Arthur Independent School District to offer an Early College High School (ECHS). The first cohort will graduate in 2020. Students who enroll in the ECHS in the 9th grade will have the opportunity to earn an Associate of Arts Degree or an Associate of Applied Science Degree. The ECHS will open in the Fall 2016 Semester with an anticipated enrollment of 100 students, the majority of whom will be categorized as at-risk students. By the 4th year of the ECHS, the anticipated enrollment is 400 students. The college courses in the ECHS will be taught on the LSCPA campus by college faculty. Graduates of the ECHS will be debt free. In addition, The ECHS supports the goals of the Higher Education Coordinating Board 60x30TX PLAN.

As students progress through the ECHS they will complete additional college courses each subsequent year with no additional formula funding to support the increased activity. Additional academic support and student development services will also be provided at a cost to the College. During the biennium, at least one full-time employee will be added to serve as the formal liaison between LSCPA and PAISD to monitor student performance, coordinate the scheduling and performance of courses, activities, and services. Two additional college faculty will be needed to teach the college courses to the student of the Early College High School.

Administrator's Statement

8/15/2016 12:30:17PM

85th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

788 Lamar State College - Port Arthur

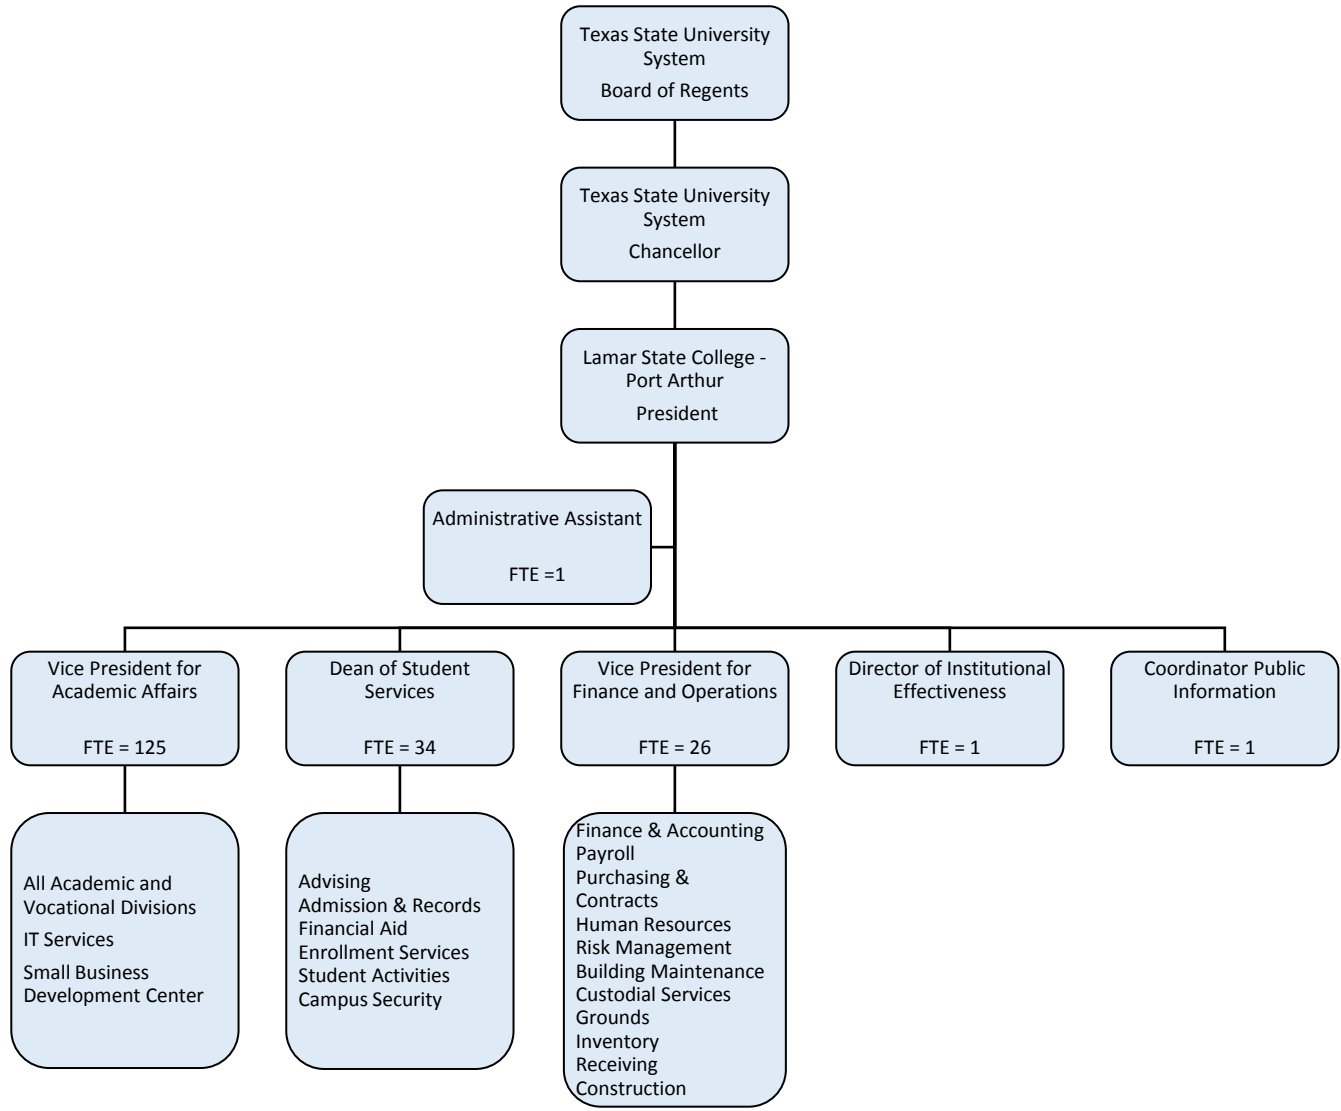

The resources of LSCPA and PAISD are committed to student success. Early in the program, ECHS students will participate in an intensive career exploration venture, joint academic advising to develop academic and career plans and ensure students are enrolled in appropriate sequential courses, support for students with disabilities, and academic support services. Prescriptive course scheduling to help students narrow their choices and a rigorous academic program in the high school component of the ECHS will assure a cohesive program of study as well as the need for developmental or supplemental education.

10% Biennial Base Reduction

Prior biennium base reductions of 7.5% for 2010 and 2011 and General Revenue funding reduction of 7% for 2012-2013 biennium and 8% for the 2016-2017 biennium required the College to evaluate programs for reduction, consolidate class schedules and reduce faculty and staff positions. In the last year, the College has eliminated positions, outsourced custodial and grounds staff, implemented additional layers of expenditure approvals to cut unnecessary spending, and required staff to perform other duties as assigned to help fill vacant or eliminated positions with no additional pay. A fiscal year 2018-2019 10% reduction of \$520,150 would require the College to eliminate mission critical departments and further reduce faculty and staffing. Compensation levels are below market for current faculty and the inability to offer comparable wages affects the quality of applicants and the ability to keep experienced faculty and staff.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for the college's educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

------	-------------	----------	----------	----------	---------	---------

According to the U.S. Bureau of Labor Statistics, HVAC technician jobs are expected to grow by 14% by 2024, especially for those who have completed training at an accredited technical college. Graduates familiar with computer tablets and electronics, as well as those who have developed troubleshooting skills, will have the best job opportunities as employers continue to have difficulty finding qualified technicians to install, maintain, and repair complex new systems.

The \$22 billion dollar Liquefied Natural Gas expansion at our local Cheniere Energy and Exxon plants has caused a labor workforce shortage allowing LSCPA the opportunity to attract many new students to our Process and Instrumentation Technology fields. Our state of the art Industrial Technology Center will allow LSCPA to double its capacity for Instrumentation Technology and increase our Process Technology offerings by one third since we currently are at full capacity.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The need for additional skilled and semi-skilled labor in Southeast Texas and Southwestern Louisiana is at levels unseen since the 1980's due to expansion of local refineries.

Lamar State College Port Arthur received Institutional Enhancement Funding each year beginning in FY 2000. Until FY 2004, the funding was used for new equipment and furniture for classrooms, fiber optics and wiring for classrooms, upgrade of the main frame computer system, capital equipment for new facilities, and specialized equipment for classrooms. Due to state appropriation funding reductions and enrollment decrease since Hurricane Rita and Ike, LSCPA relied upon the Institutional Enhancement Funding to ensure the college maintains sufficient and adequate resources to support the college's goals and mission.

If the college is again forced to meet an additional 10% non-formula budget reduction in FY 2016 and FY 2017, LSCPA will be forced to reduce Institutional Enhancement funding request by \$295,623

STRATEGY DESCRIPTION AND JUSTIFICATION:

This is a formula strategy that provides supplemental funding for those institutions projected to have enrollment decreases. This funding has been used to supplement instruction and operations support. Even with the Hold Harmless funding, LSCPA still realized a 9% reduction in formula funding when compared to the 2014-2015 biennium appropriations; therefore, we are very appreciative for the appropriations which stabilized funding so we could plan for a successful future.

METHOD OF FINANCING:			
1	General Revenue Fund	78,362	78,362
TOTAL, METHOD OF FINANCING		\$78,362	\$78,362

DESCRIPTION / JUSTIFICATION:

The need for additional skilled and semi-skilled labor in Southeast Texas and Southwestern Louisiana is at levels unseen since the 1980's. The labor shortage offers LSC-PA the opportunity to attract many new students to receive the training for employment in jobs that will lead to a career and not just short-term employment. A 4% reduction of \$156,724 would force the College to consider reducing class offerings, terminate the new programs, or increase fees.

EXTERNAL/INTERNAL FACTORS:

Major accomplishments to date and expected over the next two years:

Year established and funding source prior to receiving special item funding:

Formula funding:

Non-general revenue sources of funding:

Consequences of not funding:

DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :

Maintains requested funding level.

DESCRIPTION / JUSTIFICATION:

LSCPA worked with Port Arthur Independent School District to offer an Early College High School (ECHS). The first cohort will graduate in 2020. Students who enroll in the ECHS in the 9th grade will have the opportunity to earn an Associate of Arts Degree or an Associate of Applied Science Degree and will be prepared to enter the workforce. Complementing the abilities acquired through formal coursework in the discipline will be skills valued by employers developed through curricular, co-curricular, and extracurricular activities. Graduates of the ECHS will be debt free. In addition, the ECHS supports the goals of the Higher Education Coordinating Board 60x30TX Plan.

B. Assessment of Fiscal Year 2014 - 2015 Efforts to Meet HUB Procurement Goals

Attainment:

Agency exceeded one of five (20%) of the applicable statewide HUB goals in FY 2014 and 2015.

Applicability:

"Heavy Construction" is not applicable to this agency's operations, "Building Construction" was not applicable in FY 2014 or 2015.

Factors Affecting Attainment:

Lamar State College Port Arthur has increased total HUB percentage by 7.4% in FY 2015. Although a limited number of service/professional certified HUB vendors are located in our service agency's region, LSCPA has identified IT commodity vendors to assist in the increased expenditures with HUB vendors.

"Good-Faith" Efforts:

- Provided information to potential HUB vendors related to the HUB certification process.
- Agency personnel attended Economic Opportunity Forums given by TPASS as well as local HUB fairs.
- Agency has stressed use of HUB vendors within internal user departments.
- Agency is working to outsource additional service contracts with HUB vendors.
- Agency attended Governor's Small Business Expo in San Marcos in FY 2014.
- Agency participated in Texas HUB Discussion Workgroup on a quarterly basis.

Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/15/2016
Time: 12:30:26PM

Agency code: 788 Agency name: Lamar State College - Port Arthur

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			TARGET
	2018	2019	Biennial Total	2018	2019	Biennial Total	

1 Institutional Enhancement

Category: Programs - Service Reductions (Other)

Item Comment: If the College's baseline is reduced, the strategy that will be affected is Institutional Enhancement. Prior biennium base reductions of 7.5% for 2010 and 2011 and General Revenue funding reduction of 7% for 2012-2013 biennium and 8% for the 2016-2017 biennium required the College to evaluate programs for reduction, consolidate class schedules and reduce faculty and staff positions. In the last year, the College has eliminated positions, outsourced custodial and grounds staff, implemented additional layers of expenditure approvals to cut unnecessary spending, and required staff to perform other duties as assigned to help fill vacant or eliminated positions with no additional pay. A fiscal year 2018-2019 10% reduction would require the College to eliminate mission critical departments and further reduce faculty and staffing. Compensation levels are below market for current faculty and the inability to offer comparable wages affects the quality of applicants and the ability to keep experienced faculty and staff.

To meet this budget reduction requirement, LSCPA will be forced to reduce expenditures for faculty salaries for the next biennium by \$376,150.

Strategy: 3-4-1 Institutional Enhancement

General Revenue Funds

1 General Revenue Fund	\$0	\$0	\$0	\$188,075	\$188,075	\$376,150
General Revenue Funds Total	\$0	\$0	\$0	\$188,075	\$188,075	\$376,150
Item Total	\$0	\$0	\$0	\$188,075	\$188,075	\$376,150

FTE Reductions (From FY 2018 and FY 2019 Base Request)

2 Hold Harmless

Category: Programs - Service Reductions (Other)

Item Comment: Because Hold Harmless was included in the calculation of our 10% reduction to General Revenue, LSCPA is requesting Hold Harmless funding of \$144,000 for the 2018-2019 biennium to offset the reduction.

Strategy: 3-4-3 Hold Harmless

788 Lamar State College - Port Arthur

Special Item: 1 **Small Business Development Center**

(1) Year Special Item: 1998
Original Appropriations: \$150,000

(2) Mission of Special Item:

Provide counseling, training and technical assistance to owners and managers of proposed or existing small businesses. One of the state goals of LSCPA is to "Provide curriculum and programs that are responsive to community needs." The Small Business Development Center is a program that can help the Greater Port Arthur area improve its economic climate. Port Arthur is home to fewer small businesses per capita than the average medium sized city in Texas. The unemployment rate in Port Arthur is traditionally above the state average. A need exists in the community for a program that can facilitate the creation and expansion of small businesses in Port Arthur and surrounding communities, therefore providing acutely needed employment opportunities. The Small Business Development Center is helping the college achieve the goal through a comprehensive package of services that includes one-to-one counseling, technical assistance, and training. The Center is helping Port Arthur make use of its natural economic strengths by promoting international trade, importing-exporting opportunities, and government contracting. A significant service offered by the Small Business Development Center is a continuing schedule of non-credit courses in starting managing various aspects of a small business.

(3) (a) Major Accomplishments to Date:

From its opening in February 1998 through April 2016 the Small Business Development Center has provided counseling and technical assistance to 3,776 owners and managers of existing, planned, or potential small businesses; helped 344 businesses to begin operation; assisted 485 client companies obtain \$85,631,000 in capital from 17 separate types of sources including banks, Economic Development Corporations, venture capital groups, and federal support; and presented 536 classes that have enrolled 6,067 students.

The SBDC has aided 28 businesses in obtaining HUB status and is one of only 2 agencies in the 9-county area that offers free assistance to businesses applying for HUB certification.

Since 2004 the SBDC has worked with local companies to create 2,577 new jobs.

Historically, 52% of the clients are not in business when they contact the Center and request services. The classifications of the clients in the current year are as follows: 47% female-owned businesses; 15% veteran-owned businesses; 21% Hispanic-owned businesses; and 30% African American owned businesses.

Other accomplishments include: assisted businesses that sought to obtain "Historically Underutilized Business"(HUB), "Small Disadvantaged Business" (SBD) status and 8(a) certification (certification for contractors that want to do business with the federal government).

(3) (b) Major Accomplishments Expected During the Next 2 Years:

788 Lamar State College - Port Arthur

- A. Continue to emphasize assisting Historically Underutilized Businesses (HUB), Small Disadvantaged Businesses (SBD), and Qualified Information Systems Vendors (QISV) obtain certification as such in order to help more local companies compete for state government contracts;
- B. Help local businesses prepare to provide goods and services during the anticipated widening of the Sabine-Neches Waterway.
- C. Support the economic development activities of the Port Arthur, Port Neches, and Nederland Economic Development Corporations and the Port of Port Arthur;
- D. Promote the Port Arthur Economic Development Corporation's industrial parks;
- E. Aid the cities of Groves, Nederland, and Port Neches to replace jobs lost due to the relocation of retail businesses to other communities;
- F. Support the efforts of the Southeast Texas Regional Airport to retain its commercial carrier.
- G. Assist existing businesses that want to supply goods and services to the major industries/operations in the region: refineries; petrochemical plants; LNG plants; construction companies; hospitals; and government;
- H. Offer training and technical assistance to new businesses that are attempting to participate in the Golden Pass LNG and TOTAL petrochemical industrial expansions, including capitalization, business plans, bid procurement, and loan packaging;
- I. Educating the business community regarding exporting opportunities.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

2015 U.S. Small Business Administration \$46,450

788 Lamar State College - Port Arthur

(9) Consequences of Not Funding:

The program will end without state funding. The College does not have the local funds needed to operate the program without special item appropriation.

788 Lamar State College - Port Arthur

Special Item: 2 **Institutional Enhancement**

(1) Year Special Item: 2000
Original Appropriations: \$1,090,139

(2) Mission of Special Item:

Institutional Enhancement Funding provides a method of financing faculty salaries and institutional operating expenses. This special item assist the College in the development of new academic and technical programs and provides support our existing programs.

(3) (a) Major Accomplishments to Date:

Institutional Enhancement appropriations was used to fund Faculty salaries. This funding ensures the College maintains sufficient and adequate resources to support the College's goals and mission.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Due to State appropriation funding reductions, LSCPA will continue to rely heavily upon the Institutional Enhancement to fund our faculty salaries which supports our College's goals and mission.

(4) Funding Source Prior to Receiving Special Item Funding:

Formula funding and Institutional Resources

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

The College will be compelled to reduce the scope of operations and level of services previously provided since 100% of the special items funds are currently being used to pay faculty salaries.

788 Lamar State College - Port Arthur

Special Item: 3 **Vo-Tech and HVAC Program**

(1) Year Special Item: 2016
Original Appropriations: \$250,000

(2) Mission of Special Item:

To provide career and technology education to high school students and adults so they will have the technical skills, knowledge, and attitudes necessary for a successful performance in a global economy.

(3) (a) Major Accomplishments to Date:

During FY2016, the College has purchased seven pieces of equipment for our expanding Process Technology and Instrumentation programs. We have implemented a advisory committee that will make recommendations for: 1)the purchase of HVAC and Drafting equipment during FY2017 2)develop curriculum for HVAC, drafting and welding 3) hire a Coordinator for HVAC and 4)develop an articulation agreement with Port Arthur ISD.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The need for additional skilled and semi-skilled labor in Southeast Texas and Southwestern Louisiana is at levels unseen since the 1980's. Four factors are driving the shortage: 1)construction, expansion, and retrofitting of industrial facilities related to the petroleum and petrochemical industries; 2)an aging workforce; 3)a resurgence in the local manufacturing sector; and 4) an improved economy now responding to the pent-up construction and repair requirements of the commercial, residential, healthcare, and public sectors.

The labor shortage offers LSC-PA the opportunity to attract many new students to receive the training for employment in jobs that will lead to a career and not just short-term employment. A new technology building opening on campus in fall 2017 will house these four programs, allowing LSC-PA to begin offering air conditioning and refrigeration and drafting after a lengthy hiatus and also expanding the process technology and instrumentation programs. In all, the new facility, if properly equipped and staffed, could increase the College's enrollment by 125 students per semester.

788 Lamar State College - Port Arthur

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

The College may not have the resources to employ HVAC and drafting faculty or complete the equipping of the labs.

788 Lamar State College - Port Arthur

Special Item: 4 **Hold Harmless**

(1) Year Special Item: 2016
Original Appropriations: \$750,000

(2) Mission of Special Item:

This is a formula strategy that provides supplemental funding for those institutions projected to have enrollment decreases. This funding has been used to supplement instruction and operations support. Even with the Hold Harmless funding, LSCPA still realized a 9% reduction in formula funding when compared to the 2014-2015 biennium appropriations. Therefore, we are very appreciative for the appropriations which stabilized funding so we could plan for a successful future.

(3) (a) Major Accomplishments to Date:

Hold Harmless funding allowed the College to begin several initiatives aimed at improving enrollment and retention. The college implemented several strategies to address a looming budget problem. In the past two years, the college 1) created a Workforce Training and Continuing Education Department, 2) implemented a recruiting plan to improve enrollment, 3) identified and eliminated campus inefficiencies, 4) eliminated several staff positions and combined multiple office functions, 5) increased the number of dual enrollment partnerships with local school districts, 6) received approval to partner with Port Arthur Independent School District to offer an Early College High School, 7) requested and received permission from the Board of Nurse Examiners to initiate a vocational nursing program, and 8) applied and received a Department of Education, Second Chance Pell Experiment Grant.

Although we had a 13% decline in enrollment from Fall 2014 to Fall 2015 semesters, we believe we have stabilized our enrollment as a result of these initiatives.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

LSCPA fully expects to succeed in our initiatives to grow enrollment and offer sustainable programs that prepare our students for employment in a changing economy and workforce.

Because Hold Harmless was included in the calculation of our 10% reduction to General Revenue, LSCPA is requesting Hold Harmless funding of \$144,000 for the 2018-2019 biennium to offset the reduction.

(4) Funding Source Prior to Receiving Special Item Funding:

Formula Funding and Institutional Resources

(5) Formula Funding:

Y

(6) Startup Funding:

N

788 Lamar State College - Port Arthur

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

LSCPA is requesting funding for Hold Harmless' portion of the 10% reduction since Hold Harmless was included in the calculation of the reductions. That amount is \$144,000 for the biennium. We normally would not request this funding since Hold Harmless is based on Formula Appropriations.

788 Lamar State College - Port Arthur

Special Item: 5 **Restoration of the 4% Reduction**

(1) Year Special Item: 2018
Original Appropriations: \$0

(2) Mission of Special Item:

To restore the reduction directive to limit baseline funding request to 96% of the appropriated funding levels for 2016-2017.

(3) (a) Major Accomplishments to Date:

N/A

(3) (b) Major Accomplishments Expected During the Next 2 Years:

N/A

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

The 4% reduction will have a negative impact on the potential growth of our newly implemented Vo-Tech and HVAC program especially when combined with our formula reductions in the 2016-2017 biennium. To offset this reduction, the College would need to consider reducing class offerings, terminate the new programs, or increase fees.

788 Lamar State College - Port Arthur

Special Item: 6 **Early College High School**

(1) Year Special Item: 2018
Original Appropriations: \$0

(2) Mission of Special Item:

To offer students who enroll in the Early College High School program in the 9th grade, the opportunity to earn an Associates of Arts Degree or an Associate of Applied Science Degree and equip those students with the skills valued by employers.

(3) (a) Major Accomplishments to Date:

LSCPA has worked with the Port Arthur Independent School District to begin offering Early College High School (ECHS) classes in Fall 2016. A majority of these students will be categorized as at-risk students. The college courses in the ECHS will be taught on the campus of LSCPA by college faculty.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

By the 4th year of the ECHS program, the anticipated enrollment will be 400 students. Students will be debt free and will have employable skills upon graduation. The ECHS supports the goals of the Higher Education Coordinating Board 60x30TX Plan.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

As students progress through the ECHS they will complete additional college courses each subsequent year with no additional formula funding to support the increased activity. Additional academic support and student development services will be provided at a cost to the College. The College does not have the local funds to support the operating needs of the program which could cause the program to fail.
