4. FIRST AID MEASURES

4.1 First Aid:
- **INGESTION:** DO NOT INDUCE VOMITING. Contact ChemTrec at +1 (703) 527-3887 or the nearest Poison Control Center or local emergency telephone number for assistance and instructions. Seek immediate medical attention. If vomiting occurs spontaneously, keep victim’s head lowered (forward) to reduce the risk of aspiration. This product will polymerize rapidly adhering to the mouth.
- **SKIN:** This product bonds skin immediately. Do not pull. Peel slowly using acetone or CND Product Remover (use lukewarm water only for product removal, if skin bonding has occurred near the eyes). If irritation occurs and product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with soap and water. If irritation, redness or swelling persists, contact a physician.
- **EYES:** Do not try to open the eye. Flush with cool water for at least 15 minutes. Contact a physician immediately. Cry
- **INHALATION:** Remove victim to fresh air at once. Under extreme conditions, if breathing stops, perform artificial respiration and seek immediate medical attention.

4.2 Medical Conditions Aggravated by Exposure: None known.

5. FIREFIGHTING MEASURES

6. ACCIDENTAL RELEASE MEASURES

6.1 Spills:
Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment.
For small spills (e.g., < 1 gallon (3.785 liters)) wear appropriate personal protective equipment (e.g., goggles, gloves). Maximize ventilation (open doors and windows). Remove spilled material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reuse.
For spills ≥ 1 gallon (3.785 liters), deny entry to all unprotected individuals. Transfer to containers for recovery or for proper disposal. Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.
