Product Information

**Product Name:** Clairol Kaleidocolors

**Form:** liquid

**Product Category:** Personal care > highlights > Hair Color

**Customer Service:** 800-252-4765

**Date Entered:** 2006-04-25

**Related Items:** Products with similar usage in this database

Manufacturer

**Manufacturer:** Procter & Gamble Co.

**Address:** P.O. Box 599

**City:** Cincinnati

**State:** OH

**Zip Code:** 45201

**Telephone Number:** 513-983-1100

**Fax Number:** 513-562-4500

**Toll Free Number:** 800-543-7270

**Date Info Verified:** 2012-06-20

**Related Items:** Products by this manufacturer

The following information (Health Effects, Handling/Disposal, and Ingredients) is taken from the product label and/or the Material Safety Data Sheet (MSDS) prepared by the manufacturer. The National Library of Medicine does not test products nor does it evaluate information from the product label or the MSDS. (What is an MSDS?  Complete MSI G for this product)

Health Effects

Enter text or highlighted term...

**Warnings:**

MSDS: Refer to 'Handling'

Health Rating: N
Flammability Rating: N
Reactivity Rating: N
HMIS Rating Scale: 0 = Minimal; 1 = Slight; 2 = Moderate; 3 = Serious; 4 = Severe; N = No information provided by manufacturer; * = Chronic Health Hazard

MSDS Date: 2002-12-20

Handling/Disposal

Handling:
From MSDS Steps to be taken in Case Material is released or Spilled: Small quantities (less than a cupful), in solution with water, can be disposed via local treatment system, in accordance with appropriate Local and Government Regulations. Large amounts should be swept up gently (to avoid dusting) and placed in a clean, dry container for disposal. Do not mix with other waste. CAUTION: Mixing bleach powder with other organic materials such as paper towels, clothing (particularly if it is damp) MUST be avoided. Precautions to be Taken in Handling and Storage: Keep in cool, dry, and well ventilated area. Avoid hot and humid environment. Avoid reducing agents such as waving lotions. Do not store bleach powder after it has been mixed with developer and lighter lotion; the container may rupture. Avoid exposure to, or contamination with, liquid or damp organic materials (e.g. paper towels, wool, clothing, etc.). If contaminated, spontaneous combustion may occur. Reseal plastic bag and canister top tightly to keep out moisture and other contaminants. Do not generate dust when transferring and handling bleach powders.

Disposal:
From MSDS Products covered by this MSDS, in their original form, are considered non-hazardous waste according to RCRA. Additionally, disposal should be in accordance with all applicable Local, State and Federal regulations.
