Spartan Chemical Company, Inc.
Material Safety Data Sheet

SECTION I: PRODUCT INFORMATION

Product Name or Number (as it appears on label): SUPERIOR HIGH SHINE STAINLESS STEEL CLEANER & POLISH (AEROSOL)
Product Number: 6290

Shipping Description: Limited Quantities

NFPA Ratings:
- Health: 1 - Slight
- Fire: 3 - Serious
- Reactivity: 0 - Minimal

HMIS Ratings:
- Health: 1 - Slight
- Fire: 3 - Serious
- Reactivity: 0 - Minimal

Pers. Prot. Equip.: See Section VIII

SECTION II: HAZARDOUS INGREDIENTS
(Listed when present at 1% or greater, carcinogens at 0.1% or greater. All component chemicals are listed or exempted from listing on the "TSCA Inventory" of chemical substances maintained by the U.S. Environmental Protection Agency.

SECTION III: PHYSICAL DATA

Boiling Point: 222.8 °F
Vapor Density (AIR = 1): Heavier than air.
pH: NA
Evaporation Rate (but.ace.=1): <1
Physical State: Aerosol can (pressurized liquid)
Appearance & Odor: Lemon fragrance

SECTION IV: FIRE & EXPLOSIVE HAZARD DATA

Flash Point: Propellant: -156°F
Flammable Limits: Not Established
Method Used: Estimate
Flame Extension: > 18 Inches
NFPA 30B Level 3 Aerosol
Extinguishing Media: Carbon dioxide, Dry chemical.
Special Fire Fighting Procedures: Water may be used to cool closed containers to prevent pressure build-up and possible autoignition or explosion when exposed to extreme heat. Wear a full face positive pressure self contained breathing apparatus when fighting fires.
Unusual Fire & Explosive Hazards: Material is highly volatile and readily gives off vapors which may travel along the ground or be moved by ventilation and ignited by pilot lights, other flames, sparks, heaters, smoking, electrical motors, static discharge or other ignition sources at locations distant from material handling point.
SECTION V: HEALTH HAZARD DATA

Threshold Limit Value: Not Established
Primary Routes of Entry: Inhalation, Skin Contact, Eyes & Oral

Effects of Overexposure:
- **Harmful or Fatal if Swallowed.** Small amounts of this product aspirated into the respiratory system during ingestion or vomiting may cause mild to severe pulmonary injury.
- **Harmful if Inhaled.** Inhalation of vapors may cause central nervous system effects including dizziness, weakness, fatigue, nausea, headache, loss of consciousness depending on vapor concentration and duration of exposure. Prolonged exposure above the OSHA permissible exposure limits may result in kidney and liver damage. The intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal.
- **Causes Skin Irritation.** Frequent or prolonged contact may cause dermatitis.
- **Causes Eye Irritation.**

Conditions to Avoid:
- Do not breathe vapors or mists. Avoid contact with eyes and skin. Do not swallow.

Emergency & First Aid Procedures:
- **Eyes:** Flush eyes with water for at least 15 minutes. Remove contact lenses. Get medical attention.
- **Skin:** Wash thoroughly with soap and water while removing contaminated clothing. Get medical attention if irritation persists. Wash contaminated clothing before reuse.
- **Ingestion:** Do not induce vomiting. Call a physician immediately.
- **Inhalation:** Move person to fresh air. If breathing is difficult; give oxygen. If breathing has stopped; give artificial respiration. Get medical attention.

Note to Physician: Contains Petroleum distillates. May cause chemical pneumonia if aspirated into the lungs.

SECTION VI: REACTIVITY DATA

Stability: Stable
Incompatible Materials: Avoid contact with strong oxidizing agents; strong alkalis and strong mineral acids.

Hazardous Decomposition Products: Burning can produce carbon monoxide, carbon dioxide and phosgene gas
Hazardous Polymerization: Will Not Occur

SECTION VII: SPILL OR LEAK PROCEDURES

Steps to be Taken in Case Material is Released or Spilled:
- Ventilate area. Remove all sources of ignition. Clean up with inert materials and dispose of in accordance with all local, state and federal regulations.

Waste Disposal Method:
- Do not puncture or incinerate aerosol containers. Empty containers may be disposed of through normal channels. Full or partially filled containers are considered hazardous waste.

SECTION VIII: SPECIAL PROTECTION INFORMATION

Respiratory Protection:
- Not normally required. However, if exposure limits are exceeded (see Section II) a fully functioning NIOSH approved respirator suitable for the ingredients in Section II should be worn.

Ventilation:
- Good general ventilation should be sufficient for most conditions. Local exhaust ventilation may be necessary for some operations.

Protective Gloves (Specify Type):
- Rubber or other impervious gloves are recommended for skin contact.

Eye Protection (Specify Type):
- Use of chemical goggles is recommended to prevent eye contact.

Other Protective Equipment:

SECTION IX: SPECIAL PRECAUTIONS

Precautions; Handling & Storing:
- Do not puncture or incinerate container. Do not use or store product near heat, sparks or open flame. Do not store in direct sunlight or above 120 F. High temperatures may cause container to burst. Wash thoroughly after handling.

Other Precautions:
- Keep out of reach of children.
