1. Product and Company Identification

Identification of the preparation
HP LaserJet Q1338A-AC-D Print Cartridge

Product use
This product is a toner preparation that is used in HP LaserJet 4200/4200L series printers

Version #
10

Revision date
15-Jul-2010

Company identification
Hewlett-Packard Company
3000 Hanover Street
Palo Alto, CA 94304-1185
United States
Telephone 650-857-1501

Hewlett-Packard health effects line
(Toll-free within the US) 1-800-457-4209

2. Hazards Identification

Acute health effects
- Skin contact: Unlikely to cause skin irritation.
- Eye contact: May cause transient slight irritation
- Inhalation: Minimal respiratory tract irritation may occur with exposure to large amounts of toner dust.
- Ingestion: Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.

Potential health effects
- Routes of exposure: Potential routes of exposure under normal use conditions are skin, eye contact and inhalation.
- Ingestion is not expected to be a primary route of exposure for this product under normal use conditions.

Chronic health effects
- Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.

Carcinogenicity
- None of the ingredients have been classified as carcinogens according to EU, IARC, MAK, NTP, OSHA or ACGIH.

Other information
This product is not classified as hazardous according to OSHA CFR 1910.1200 or EU Directive 1999/45/EC, as amended.

This preparation contains no component classified as Persistent, Bioaccumulative, and Toxic (PBT) or very Persistent and very Bioaccumulative (vPvB) as defined under Regulation (EC) 1907/2006.

4. First Aid Measures

First aid procedures
- Eye contact: Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists, consult a physician.
Skin contact
Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.

Inhalation
Move person to fresh air immediately. If irritation persists, consult a physician.

Ingestion
Rinse mouth with water. Drink one to two glasses of water. If symptoms occur, consult a physician.

5. Fire Fighting Measures
Flammable properties
Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.

Extinguishing media
Suitable extinguishing media
CO2, water, or dry chemical

Unsuitable extinguishing media
None known.

Protection of firefighters
If fire occurs in the printer, treat as an electrical fire.

Specific methods
None established.

Hazardous combustion products
Carbon monoxide and carbon dioxide.

6. Accidental Release Measures
Personal precautions
Minimize dust generation and accumulation.

Environmental precautions
Do not flush into surface water or sanitary sewer system. See also section 13 Disposal considerations.

Other information
Slowly vacuum or sweep the material into a bag or other sealed container. If a vacuum is used, the motor must be rated as dust explosion-proof. Clean remainder with a damp cloth or vacuum cleaner. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with federal, state, and local regulations.

7. Handling and Storage
Handling
Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eyes. Use with adequate ventilation. Keep away from excessive heat, sparks, and open flames.

Storage
Keep out of the reach of children. Store at room temperature. Store away from strong oxidizers. Keep tightly closed and dry.

8. Exposure Controls / Personal Protection
Exposure guidelines
USA OSHA (TWA/PEL): 15 mg/m3 (Total Dust), 5 mg/m3 (Respirable Fraction)
ACGIH (TWA/TLV): 10 mg/m3 (Inhalable Particulate), 3 mg/m3 (Respirable Particulate)
Amorphous silica: USA OSHA (TWA/PEL): 20 mppcf 80 (mg/m3)/%SiO2, ACGIH (TWA/TLV): 10 mg/m3

Engineering controls
Use in a well ventilated area.

Personal protective equipment
General
No personal respiratory protective equipment required under normal conditions of use.

9. Physical & Chemical Properties
Appearance
Fine powder

Color
Not available.

Odor
Slight plastic odor

Odor threshold
Not available.

Physical state
Liquid

Form
solid

pH
Not applicable

Melting point
Not available.
Freezing point: Not available.
Boiling point: Not applicable.
Flash point: Not applicable.
Evaporation rate: Not available.
Flammability limits in air, upper, % by volume: Not applicable.
Flammability limits in air, lower, % by volume: Not flammable.
Vapor pressure: Not applicable.
Vapor density: Not available.
Specific gravity: 1.4 (H2O = 1).
Relative density: Not available.
Solubility (water): Negligible in water. Partially soluble in toluene and xylene.
Auto-ignition temperature: No data available.
Decomposition temperature: Not available.
Softening point: 212 °F (100 °C).
Viscosity: Not applicable.
VOC: Not available.
Other information: Decomposition temperature: > 200 °C.

10. Chemical Stability & Reactivity Information
Chemical stability: Stable under normal storage conditions.
Conditions to avoid: Imaging Drum: Exposure to light.
Incompatible materials: Strong oxidizers.
Hazardous decomposition products: Carbon monoxide and carbon dioxide.
Possibility of hazardous reactions: Will not occur.

11. Toxicological Information
Carcinogenicity: Not a known or suspected carcinogen according to any IARC Monograph, NTP, OSHA Regulations (USA), EU Directive, or Proposition 65 (California).
Serious eye damage/eye irritation: Not classified as irritant, according to OSHA Hazard Communication Standard (HCS) and EU Directive 67/548/EEC and as amended.
Skin sensitization: Not classified as irritant, according to OSHA Hazard Communication Standard (HCS) and EU Directive 67/548/EEC and as amended.
Chronic toxicity: No information available.
Mutagenicity: Negative, does not indicate mutagenic potential (Ames Test: Salmonella typhimurium).
Reproductivity: Not classified as toxic according to EU Directive 67/548/EEC and as amended, California Prop. 65, and DFG (Germany).
Further information: Complete toxicity data are not available for this specific formulation. Refer to Section 2 for potential health effects and Section 4 for first aid measures.

12. Ecological Information
Ecotoxicity: LL50: 1000 mg/l, Rainbow Trout, 96.00 Hours.
Persistence and degradability: Not available.
13. Disposal Considerations

Disposal instructions
Do not shred toner cartridge, unless dust-explosion prevention measures are taken. Finely
dispersed particles may form explosive mixtures in air. Dispose of in compliance with federal, state,
and local regulations.

HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling
of HP original inkjet and LaserJet supplies. For more information and to determine if this service
is available in your location, please visit http://www.hp.com/recycle.

14. Transport Information

Further information
18 or more of these cartridges shipped together in a single package (e.g., box, container), by air,
are regulated as a magnetized material. These requirements do not apply to single or dual pack
cartridges contained in an original HP package and shrink wrapped on a pallet for shipment by air.

DOT
Not regulated as dangerous goods.

IATA
Basic shipping requirements:
Proper shipping name  Magnetized Material
UN number  2807

IMDG
Not regulated as dangerous goods.

RID
Not regulated as dangerous goods.

15. Regulatory Information

US federal regulations
US EPA TSCA Inventory: All chemical substances in this product comply with all rules or orders
under TSCA.

CERCLA (Superfund) reportable quantity
None

Occupational Safety and Health Administration (OSHA)
29 CFR 1910.1200
hazardous chemical
No

Superfund Amendments and Reauthorization Act of 1986 (SARA)
Hazard categories
Immediate Hazard - No
Delayed Hazard - No
Fire Hazard - No
Pressure Hazard - No
Reactivity Hazard - No

Section 302 extremely
hazardous substance
No

Section 311 hazardous
chemical
No

Regulatory information
All chemical substances in this HP product have been notified or are exempt from notification
under chemical substances notification laws in the following countries: US (TSCA), EU
(EINECS/ELINCS), Switzerland, Canada (DSL/NDSL), Australia, Japan, Philippines, South Korea,
New Zealand, and China.

16. Other Information

Other information
This MSDS was prepared in accordance with USA OSHA Hazard Communications regulation (29
