

Lamar State College Port Arthur

Facilities Space Reporting Procedures

2020

Purpose and Overview

This manual is intended to document the processes at Lamar State College Port Arthur (LSCPA) to meet the Texas Higher Education Coordinating Board (THECB) requirements for space reporting.

LSCPA is committed to meeting the standards prescribed by the THECB as described below:

1. Rooms are identified by a unique alphabetic or numeric code.
2. Space use codes and functional category codes accurately reflect actual use.
3. Classification of Instructional Programs (CIP) codes identifies academic disciplines, instructional programs and departments.
4. Prorated use accurately reflects the time used for each function.
5. Reported room area (square footage) is accurate and verifiable.
6. Reported educational and general (E&G) room area is accurate and verifiable.
7. Inventory control systems are in place and in use:
 - a) Facility inventory systems are formal processes that are efficient, effective and enforced.
 - b) Reporting mechanisms are effective for providing feedback for data input.
 - c) Changes are reflected in the facilities inventory data in a timely and accurate manner.
 - d) Inventory data is reconcilable and compatible between internal and external reporting.

LSCPA facilities space reporting through the following control procedures:

1. Surveys, Reports and Audits.
2. Project Management Process.
3. Systems and software.

Surveys, Reports and Audits

Surveys

Who: Facilities Review Committee, Coordinator of Institutional Research and Reporting and the Classroom Scheduling Coordinator).

Frequency: Twice a year, prior to each long semester (Fall and Spring).

Scope: The Facilities Review Committee conducts campus-wide surveys of facilities and reconciles the current THECB Facilities Inventory list to the planned utilization for the upcoming semester. Also, any renovations, modifications in room capacity or usage and personnel changes are noted during surveys.

Data revisions are compiled by the Coordinator of Coordinator of Institutional Research and Reporting who documents the changes, updates the space inventory data and submits updated data to the THECB.

Reports

Who: Department representatives, Deans, Chairs, Directors, other Campus Leadership, and anyone who is aware of changes or modifications in room capacity or usage or personnel.

Frequency: As changes occur.

How: Documentation, Email Notifications, Informal Telephone Calls and Drawings.

Scope: Space changes or errors discovered at times other than formal audits or surveys may be reported directly to the Coordinator of Institutional Research and Reporting at any time. This includes changes to an existing room's size, capacity, type, use, coding or room number assignment. In addition to other formal processes, the LSCPA Facilities Change of Space and Allocation Request Form, spreadsheets, email notifications and informal phone calls may be used to document and track changes to space inventory records. In addition, the LSCPA Physical Plant department maintains drawings (architectural and/or CAD) of the relevant facilities on campus.

Audits

Who: THECB Peer Review Team

Frequency: A five year audit cycle established by the THECB.

Scope: THECB staff will generate a random sample of 35 (minimum) educational and general (E&G) rooms from LSCPA's certified inventory of buildings and rooms reported and on file at the THECB. The THECB Peer Review Team will follow the Facilities Audit Protocol established by the THECB and available on the THECB website.

Project Management Process

Who: Project Planning Committee (generally consisting of President, VP of Academic Affairs, Executive VP for Finance and Operations, Dean of Student Services, Director of Physical Plant and Director of Purchasing).

Frequency: As needed.

Scope: Small and large projects involving physical alteration to existing space or new construction projects involving incremental additions to space are managed by the Project Planning Committee.

The Committee ensures projects are appropriately reviewed, approved and funded in compliance with the policies of the Texas State University System and the THECB.

Reporting Process – Other Roles and Responsibilities:

Coordinator of Institutional Research and Reporting

The Coordinator of Institutional Research and Reporting in coordination with the Facilities Review Committee and other Campus-wide representatives (as previously described) is responsible for assigning and/or verifying space use, functional category and Classification of Instructional Program (CIP) codes. The Committee also reviews room identification, prorated use of institutional space, room capacity and reported room area. The Coordinator of Institutional

Research and Reporting compiles inventory space data changes and is responsible for updating and reporting CBM11 and CBM14 data to the THECB.

Coordinator of Institutional Research and Reporting

The Institutional Research and Reporting Coordinator plays a vital role providing information for planning and decision making in administrative and academic capacities. The Coordinator also provides official approved LSCPA data to the state and federal government, other external agencies and the LSCPA administration, faculty and staff. The Coordinator is responsible for CBM005 reporting to the THECB and ensures CBM005 Building and Room Usage data validates with the CBM11 and CBM14 data submitted by the Coordinator of Institutional Research and Reporting.

Systems and Software

Systems

The THECB system housing CBM data including CBM11 (Room data) and CBM14 (Building data).

Software

The software utilized for THECB uploads and reporting including FTP (File Transfer Protocol software), Ellucian/Banner software, Microsoft Word, Excel and Notepad.
