## Traveler Acknowledgement

I understand that if I choose to rent a vehicle, I will utilize the State Travel Management Program. I understand that if I use my personal vehicle to conduct College business, my personal auto insurance will be the primary coverage. The College insurance will be secondary coverage. I understand that conducting business away from campus is covered by the Texas State Employee's Workers' Compensation System. If I am injured away from campus while conducting College business, I will contact Human Resources immediately with details of the injury.

## Flight or Mileage (Greater Than 325 Miles One Way)

If your travel is less than 325 miles one way, then you can utilize your own car and get reimbursed. However, for travel that exceeds 325 miles then the following steps should be followed: 1. Print MapQuest for entire trip and calculate mileage reimbursement. 2. Print flight options from nearest airport or Houston to destination and back, include parking (should be cancellable and include a carryon). 3. Traveler will be reimbursed smaller amount of mileage or flight price. Traveler may choose either form of transportation, but will only be reimbursed the lower of the two amounts. Rental cars may also be priced for traveling.
