## Transcript Types

We offer the following transcript types at no charge to you:

- **Tax Return Transcript** - shows most line items from your original tax return (Form 1040, 1040A or 1040EZ) as filed, including any forms and schedules. It doesn't show changes made after you filed your original return. A return transcript usually meets the needs of lending institutions offering mortgages and student loans.
- **Wage and Income Transcript** - shows data from information returns we receive such as Forms W-2, 1099, 1098 and Form 5498, IRA Contribution Information. Current tax year information may not be complete until July.
- **Verification of Non-filing Letter** - provides proof that the IRS has no record of a filed Form 1040, 1040A or 1040EZ for the year you requested. It doesn't indicate whether you were required to file a return for that year.
