International Students

International Students are entitled to all student services and programs for which they are eligible according to law and College definition. The College reserves the right to establish policies for selected groups of students if the policies are in the student's and the

institution's best interest. Applicants will be carefully screened for academic excellence, English proficiency, adequate health, and financial self-sufficiency.

Since the presence of international students also entails responsibility for the College in meeting certain distinctive needs, adequate provision must be made for doing so. The college recognizes the responsibility by setting entrance and exit standards for its non-native English speakers that take into account the minimum language skills necessary for success in academic work as well as the minimum standards that a diploma from the College represents.

In order for the international students to achieve their educational objectives, certain academic services are essential; the College provides facilities and staff commensurate with those needs. Moreover, the College recognizes that English language proficiency and not citizenship or immigration status alone is a key criterion in determining the meeting of requirements and needs of students for whom English is a second language. For further information, see the Dean of Student Services.

Library

Gates Memorial Library is located at 317 Stillwell Boulevard bordering the historic Stillwell Plaza.

In 1980, the City of Port Arthur made a gift of the building to Lamar State College-Port Arthur. Grade-Point Computation

The grade point average is used in the determination of academic standing, rank in class, eligibility for graduation, etc. In order to compute Lamar State College-Port Arthur grade averages, quality points are assigned to letter grades as follows: to the grade A, 4 points; to B, 3 points; to C, 2 points; to D, 1 point and to F, I, S, U, Q, W, 0 points. The number of grade points earned in a course is obtained by multiplying the number of semester credit hours by the number of quality points assigned to the letter grade made in the course.

The grade point average is calculated by dividing the total number of grade points earned by the total number of semester hours attempted in courses for which the grades A, B, C, D, F, and I are assigned. Thus, for grades S, U, Q and W, neither semester hours nor grade points are used in the computation of the grade point average. Hours attempted provide all work taken whether passed, failed or repeated.

Grade Replacement

Lamar State College-Port Arthur students will have one opportunity to replace a grade earned in an academic or technical course. If a student repeats a course, the official grade will be the second graded earned, regardless of whether it is higher, lower or the same. The first grade remains on the student's official transcript. The repetition of a Lamar-Port Arthur course at another institution will not replace the grade earned at Lamar State College-Port Arthur in the calculation of the student's cumulative grade point average, nor will a grade earned in a Lamar Port Arthur course replace a transcribed grade earned in the same course at another institution. Any grade earned by further repetition of a course (third and subsequent grades earned in the same course) will be included in the calculation of a student's cumulative grade point average.

Students receiving various forms of financial aid or VA benefits who repeat a course may have complications regarding their financial aid award. These students must consult the Financial Aid Office prior to repeating a course under the provisions of the program.

Hazing

The College reserves the right to take disciplinary action against individual students and/or groups who are involved in hazing activities. Such disciplinary action may be taken independently of state or local prosecutorial actions, regardless of the outcome of such prosecutorial actions. Hazing on the part of students, faculty, or staff is strictly forbidden, whether on or off campus. The state law providing penal sanctions in the event of a conviction of hazing is set forth in sections 4.51-4.58, Texas Education Code, and provides in part, as it pertains to students, as follows:

1. **Hazing** means any intentional, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the

purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The term includes but is not limited to:

- a. any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
- b. any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- c. any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or other substance which subjects the student to an unreasonable risk or harm or which adversely affects the mental or physical health or safety of the student;
- d. any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subsection;
- e. any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code or Code of Student Conduct.

2. Personal Hazing Offense

A person commits an offense if the person:

- a. engages in hazing;
- b. solicits, encourages, directs, aids, or attempts to aid another in engaging in hazing;
- c. intentionally, knowingly, or recklessly permits hazing to occur; or
- d. has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report said knowledge in writing to the Dean of Students or other appropriate official of the institution.

3. Penalties for Hazing

- a. The offense of failing to report is a misdemeanor punishable by a fine not to exceed \$1,000, confinement in county jail for not more than 180 days, or both such fine and confinement.
- b. Any other serious offense under this section which does not cause serious bodily injury to another is a misdemeanor punishable by a fine of not less than \$500 nor more than \$1,000, confinement in county jail for not less than 90 days nor more than 180 days, or both such fine and confinement.

c. Any other offense under this section which causes serious bodily injury to another is a misdemeanor punishable by a fine of not less than \$1,000 nor more than \$5,000, confinement in county jail for not less than 180 days nor more than one year, or both such fine and confinement.

d. Any other offense under this section which causes the death of another is a misdemeanor punishable by a fine of not less than \$5,000 nor more than \$10,000, confinement in county jail for not less than one year nor more than two years, or both such fine and confinement.

4. Organizing Hazing Offense

a. An organization commits an offense if the organization condones or encourages hazing or if an officer or any combination of members, pledges, or alumni of the organization commits or assists in the commission of hazing.

b. An offense under this section is a misdemeanor punishable by a fine of not less than \$5,000 nor more than \$10,000 or if a court finds that the offense caused personal injury, property damage, or other loss, the court may sentence the organization to pay a fine of not less than \$5,000 nor more than double the amount lost or expenses incurred because of such injury, damage, or loss.

Identification Card

All students must purchase and carry a Student Photo Identification Card at all times while on campus. They are required for use of college facilities and to attend college functions. Students receive their ID cards during the registration process upon receipt of payment for tuition and fees. The card must be validated each semester the student is enrolled. The Student ID fee is \$5 and is good for two years. Student ID's are prepared on the second floor of the Student Center. To replace a lost or stolen Student ID, a replacement card may be purchased at the Business Office.

Instructor Initiated Drop

When absences, other than approved absences, seriously interfere with the student's performance, the instructor may recommend to the Department Chair that the student be dropped from the course. Action to drop the student requires the approval of the Department chair. If this action is taken after the first six weeks of the semester, a grade of "F" may be recorded for the course.

Sexual Harassment/Sexual Misconduct and Consensual Relationships

Lamar State College-Port Arthur strives to provide an educational and working environment for its students, faculty, and staff free of intimidation and harassment. The unprofessional treatment of students and colleagues in any form is unacceptable in the College community.

Lamar State College-Port Arthur is committed to providing a work and study environment that encourages intellectual and academic excellence and the emotional well-being of its students, faculty, and staff. Circumstances, facts and conduct that violate this policy contradict the College's educational philosophy and standard.

This statement contains policies on sexual harassment and consensual sexual relationships, and a grievance procedure to govern the resolution of complaints which fall

under either policy.

1. Statement of Policy on Sexual Harassment/Sexual Misconduct

Lamar State College-Port Arthur expressly prohibits sexual harassment or sexual misconduct of its students, faculty, or staff or of applicants who seek to join the College in any capacity. (See the Appendix attached hereto for the definition of sexual harassment and sexual misconduct as used in this policy.)

- Lamar State College-Port Arthur has adopted and shall enforce the Texas State University System Title IX Policy that covers sexual misconduct and sexual harassment. To view the Texas State University System Title IX Sexual Misconduct Policy: <http://www.tsus.edu/about-tsus/policies.html>

2. State of Policy on Consensual Sexual Relationships

a. Statement of Policy about Faculty/Student Relationships

Lamar State College-Port Arthur prohibits consensual sexual relationships between a faculty member and a student enrolled in a course taught by the faculty member. This applies even when both parties appear to have consented to the relationship. A faculty member who is or has been involved in a consensual sexual relationship with a person should not enter into a student/teacher relationship with that person.

It is a serious breach of professional ethics for a teacher to initiate or acquiesce in a sexual relationship with a student who is under the personal supervision of a faculty member. The professional relationship between faculty and students is central to the College's educational philosophy. Any action in which power is abused or appears to have been abused can disrupt this professional relationship and undermines the mutual trust and respect upon which this professional relationship is founded.

A consensual sexual relationship between a faculty member and a student, particularly when the faculty member is in a position of power, will irreparably undermine this professional relationship. The issue of power and control over the student remains so strong in a sexual relationship that voluntary consent by a student is improbably and highly questionable. What one thinks is voluntary consent may be only forced consent which the hidden, subtle pressure stemming from the faculty member's position of power has transformed into a "voluntary" act. Such a relationship creates an inevitable conflict of interest when the teacher makes judgments about a student's work. The appearance of impropriety to the College community, which such relationships produce, casts doubt on the faculty member's academic decision concerning a particular student's performance, the faculty member's overall professionalism and credibility and the genuineness of the student's accomplishments where the faculty member is directly supervising and teaching the student.

b. Statement of Policy on Staff/Student Relationship

Lamar State College-Port Arthur prohibits consensual sexual relationships between staff/students where the staff member has authority or control over the student. Even where there is no power or authority of the staff member over the student, consensual sexual relationships are discouraged between staff and students.

c. Statement of Policy on Employee/Employee

Lamar State College-Port Arthur prohibits consenting romantic and sexual relationships between employees where a power differential exists in their employment is a breach of professional ethics. Any employee who enters into such a relationship must realize that, if a charge of sexual harassment is subsequently lodged, it will be exceedingly difficult to prove immunity on grounds of mutual consent.

The administrator or board reviewing a charge of sexual harassment shall be expected, in general, to be unsympathetic to a defense based on consent when the facts establish that an employee power differential existed within the relationship.

3. Grievance Procedures

All complaints regarding sexual harassment will be taken seriously and will promptly follow with a preliminary investigation by a LSC-PA Title IX Investigator to determine whether there is a reasonable basis for believing the complaint and the person whose actions are the subject of the complaint.

Reporting

A person who believes that he or she has been subjected to any type of discrimination, including sexual harassment, should report the incident to any College official, administrator, faculty, staff, or supervisor. Students are encouraged to report such incidents to the Dean of Student Services, Director of Student Activities or the Title IX Coordinator. Incidents should be reported as soon as possible after the time of their occurrence. Every attempt will be made to keep the information confidential and restricted to only those who have an absolute need to know. A person who makes a complaint of sexual harassment should be advised that principles of fairness and due process may require disclosure to the alleged harasser, who shall be warned against retaliation.

The Dean of Student Services; office is located on the 3rd floor of the Student Center in Room 204. The phone number is 409-984-6156. The Director of Student Activities office is located on the 2nd floor of the Student Center in Room 203A. The phone number is 409-984-6191. The Title IX Coordinator's office is located in the Business Office in Room 122. The phone number is 409-984-6117 or 409-626-2980.

Procedures for Resolving Complaints

Any student, staff employee, or faculty member who feels he/she is the victim of discrimination and/or sexual harassment should follow these steps:

- A. Informal Proceedings: All complains will be considered informal until they are filed in writing. Informal complains will still be investigated by the Title IX Coordinator. A person who believes he/she is the victim of discrimination and/or sexual harassment is encouraged to see an informal resolution as follows:
 1. The offended individual should report the incident(s) to the Dean of Student Services, Director of Student Activities, Title IX Coordinator, or any faculty/staff member that the individual feels comfortable reporting to.
 2. The Dean of Student Services' Office or the Title IX Coordinator will investigate the allegation(s). This may require interviews with the alleged victim and the accused. In some circumstances interviews with other persons who have knowledge of the alleged incident may also be conducted. Whenever possible, the identity of the victim will not be revealed during the investigation process or without the victim's consent.
- B. Formal Proceedings: If, after the informal proceedings, the Title IX Coordinator or his/her designee concludes that there is reasonable basis for the complaint, the complainant may pursue a formal complaint in accordance with the procedure outlined in this section.

If, after the informal proceedings, the Title IX Coordinator concludes that there is a reasonable basis to support the allegations of the misconduct and takes appropriate steps to bring the matter to a satisfactory resolution, but either the accused or the complainant is not satisfied with the resolution adopted by the Title IX Coordinator, the Title IX Coordinator shall initiate the formal proceedings. Formal proceedings hereunder shall take place in accordance with the following guidelines:

1. Faculty:

A formal complaint filed against a faculty member shall be directed to the Vice President for Academic Affairs who in turn should notify the appropriate dean and department within two (2) working days of receipt of the complaint. The dean and department chair should notify the faculty member concerned within three (3) working days whether further investigation or a recommendation for sanctions is warranted.

Under appropriate circumstances, the dean may decide to convene an Ad Hoc Committee to review the facts surrounding the case and make recommendations for resolution of the complaint. Decisions regarding the complaint and any recommendations for sanctions by the college dean and department chair shall be reported to the Vice President for Academic Affairs who in turn shall advise the President. The President shall notify the faculty member and the complainant of the decision.

2. Staff:

A formal complaint filed against a staff member shall be directed to the Director of Human Resources who in turn should notify the appropriate department or division head within two (2) working days of receipt of the complaint. This officer should notify the staff member concerned and investigate the case and determine within three (3) working days whether further investigation or a recommendation for sanctions is warranted.

Under appropriate circumstances, the department chair or division head may convene an Ad Hoc Committee to review the facts surrounding the case and make recommendations for resolution of the complaint. Decisions regarding the complaint and any recommendations for sanctions by the department or division head shall be reported to the Director of Human Resources who in turn shall advise the President. The President shall notify the staff member and the complainant of the decision.

3. Student:

A formal complaint against a student shall be directed to the Dean of Student Services who should investigate the case and determine within five (5) working days whether further investigation or a recommendation for sanctions is warranted.

Under appropriate circumstances, the Dean of Student Services may convene an Ad Hoc Committee to review the facts surrounding the case and to make recommendations for resolution of the complaint. The Dean of Student Services shall notify the student and the complainant of the decision.

4. Student Employee:

All student employees will be considered students for the purposes of these procedures.

C. Isolated and Inadvertent Offenses

Members of the College community demonstrate insensitivity that necessitates remedial measures when, without establishing a pattern of doing so, they engage in isolated conduct which meets the definition and examples of sexual harassment given in Sections A & B in the Appendix, but fail to realize that their actions discomfort or humiliate and

constitute acts of sexual harassment. When College administrators become aware that such activities are occurring in their areas, they shall counsel with and may direct those engaged in such conduct to undertake an educational program designed to help them understand the harm they are doing.

If, after participating in the educational program or failing to participate after being directed to do so, a person continues to engage in the conduct described in this section, the facts and circumstances of the person's activities and conduct shall be reported to the Title IX Coordinator by the administrator. If the Title IX Coordinator determines that the person subject to the report has engaged in a pattern of conduct intended to discomfort or humiliate the one at whom the actions or statements are directed, the Title IX Coordinator shall forward the findings as a complaint to be acted upon by the appropriate body pursuant to the proceedings for a formal hearing as outlined herein.

D. Protection of the Complainant and Others

1. All reasonable action will be taken to assure the complainant and those testifying or participating in other ways in the complaint proceedings will suffer no retaliation as a result of their participation. Steps to avoid retaliation may include:
 - i. Lateral transfer of one or more of the parties in an employment setting and a comparable move if a classroom setting is involved, and
 - ii. Arrangements that academic and/or employment evaluations concerning the complaint or other be made by an appropriate individual other than one who may be in a position of authority to retaliate.
2. In extraordinary circumstances, the Vice President for Academic Affairs may, at any time during or after an investigation of a sexual harassment complaint, suspend from teaching responsibilities any faculty member or teaching assistant accused of sexual harassment, if after review and investigation, the Vice President for Academic Affairs in consultation with the Dean of Student Services finds it is reasonable certain (i) the alleged sexual harassment has occurred and (ii) the accused would be in a position either to retaliate against, or in any way do serious harm to the College community if the accused continues to work in that unit or department.
3. In extraordinary circumstances, the Vice President, or the Vice President's designee, responsible for the unit employing an accused staff member may, at any time during or after an investigation of a sexual harassment complaint, suspend the staff member from responsibilities if, after review and investigation, the Vice President finds it is reasonable certain that (i) the alleged sexual harassment has occurred and (ii) the accused would be in a position either to retaliate against, or in any way do harm to members of the College community if the accused continues to work in that unit or department.
4. In extraordinary circumstances, the Dean of Student Services may, at any time during or after an investigation of a sexual harassment complaint, suspend an accused student from a specific class or from the College altogether, if after review and investigation the Dean of Student Services finds it is reasonably certain that (i) the alleged sexual harassment has

occurred and (ii) the accused would be in a position either to retaliate against, or in any way do serious harm to the enrollment in that particular class or continues living in the College community.

4. Appeal from Sanctions

a. Faculty:

If a recommendation for suspension or termination is made against a tenured faculty member, the faculty member may request a due process hearing as provided in the [Faculty Handbook](#). Appeals by non-tenured faculty members are subject to the [Faculty Handbook](#).

b. Staff:

Appeals from recommended sanctions against staff personnel shall be handled in accordance with procedures outlined in the [Staff Handbook](#).

c. Student:

Appeals from recommended sanctions against students shall be directed to the Student/Faculty Relations Committee as set out in the [Student Handbook](#).

5. Retaliation Prohibited

Retaliatory action of any kind taken against any individual as a result of a person's attempt to seek redress under the applicable procedures dealing with sexual harassment is prohibited. Such action shall be regarded as a separate and distinct cause for complaint.

6. Malicious Complaints

If it is determined that a sexual harassment allegation is totally without foundation, and if there is evidence of malicious intent, the complaint may be subject to disciplinary action.

APPENDIX

A. DEFINITION OF SEXUAL HARASSMENT

Sexual harassment is any unwelcome verbal, nonverbal, written, electronic or physical behavior or a sexual nature directed at someone, or against a particular group, because of that person's or group's sex or based on gender stereotypes, severe or pervasive, and while it meets wither of the following criteria:

1. Submission, consent, or rejection of the behavior is believed to carry consequences for the individual's education, employment, on-campus living environment or participation in a College affiliated activity.
2. The behavior has the purpose or effect of substantially interfering with another's work or educational performance by creating an intimidating or hostile environment for employment, education, on-campus living or participation in a College-affiliated activity.

Sexual harassment is not limited to direct, abusive action by an individual in a supervisory position. All persons, including peers and co-workers, who exercise or have potential to exercise any kind of control or review should be careful not to permit the creation of a situation or environment that is abusive or has potential for being abusive.

B. EXAMPLES OF SEXUAL HARASSMENT

Sexual harassment encompasses any sexual attention that is unwanted. For purposes of further classification, and in order to provide some guidelines as to what specific behavior

constitutes sexual harassment as defined in Section A above, examples of the verbal or physical conduct prohibited by this policy include, but are not limited to:

1. physical assault;
2. direct proposition of a sexual nature;
3. pressuring another to engage in sexual behavior for some educational or employment benefit;
4. making a real or perceived threat that rejecting sexual behavior will result in a negative tangible employment or academic consequence;
5. persistent unwelcome efforts to develop a romantic or sexual relationship

In addition, the following examples are intended to illustrate other behavior that constitute verbal or physical conduct prohibited by this policy. These examples require a more subjective judgment than the foregoing examples and are further qualified by the assumption that the recipient of the conduct described is a reasonable adult, free of hyper sensitivities:

1. implied statements or threats that submission to sexual advances will be a condition of admission, employment, work status, promotion, grades or recommendation;
2. subtle pressure for sexual activity;
3. a pattern of conduct (not legitimately related to the subject matter of course if one is involved) intended to discomfort or humiliate, or both that includes one or more of the following:
 - a. comments of sexual nature; or
 - b. sexually explicit statements, questions, jokes or anecdotes; and
 - c. repeated and unwanted staring
4. a pattern of conduct that would discomfort or humiliate, or both, a reasonable person at whom the conduct is directed that includes one or more of the following:
 - a. unnecessary touching, patting, hugging, or brushing against a person's body;
 - b. remarks of sexual nature about a person's clothing or body; or
 - c. remarks about sexual activity or speculations about previous sexual experience

C. DEFINITION OF SEXUAL MISCONDUCT

Sexual misconduct is a broad term encompassing a range of non-consensual sexual activity or unwelcome behavior of a sexual nature. The term includes but is not limited to sexual assault, sexual exploitation, sexual intimidation, sexual harassment, domestic violence, dating violence, and stalking. Sexual misconduct can be committed by men or women, strangers, acquaintances, and can occur between or among people of the same or opposite sex.

D. DEFINITION OF CONSENT

Consent is an informed and freely and affirmatively communicated willingness to participate in a particular activity. Consent can be expressed either by words or by clear and unambiguous actions, as long as those words or actions create mutually understandable permission regarding the conditions of each instance of sexual activity. It is the responsibility of the person who wants to engage in the sexual activity to ensure that she/he has the consent of the other to engage in each instance of sexual activity.

The unabridged version of the Texas State University System Sexual Misconduct Policy can be found at [TSUS Sexual Misconduct Policy](#). The Title IX Coordinator for Lamar State College-Port Arthur can be contacted at 409-984-6117.

The effective date of the withdrawal is established upon final processing of the withdrawal papers by the Admissions and Records Office.

ACADEMIC POLICIES

Academic Dishonesty

Lamar State College-Port Arthur expects all students to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action.

1. Lamar-Port Arthur and its official representatives, acting in accordance with part 10 below, may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including but not limited to: cheating on an examination or other academic work which is to be submitted, plagiarism, collusion, and the abuse of resource materials. Definitions and penalties for academic dishonesty infractions shall be the same regardless of whether the offense occurs on the campus or in an on-line course.
2. "Cheating" includes but is not limited to:
 - a. Copying from another student's test paper, laboratory report, other report, computer files, data listings, and/or programs.
 - b. Using, during a test, materials not authorized by the person administering the test.
 - c. Collaborating, without authorization, with another person during an examination or in preparing academic work.
 - d. Knowing, and without authorization, using, buying, selling, stealing, soliciting, coping, transporting, or possessing, in whole or in part, the content of an un-administered test.
 - e. Substituting for another student; permitting any other person, or otherwise assisting any other person, to substitute for oneself or for another student in the taking of an examination or the preparation of academic work to be submitted for academic credit.
 - f. Bribing another person to obtain an un-administered test or information about an un-administered test.
 - g. Purchasing, or otherwise acquiring and submitting as one's own work, any research paper or other writing assignment prepared by an individual or firm. The section does not apply to the typing of the rough and/or final versions of an assignment by a professional typist.
 - h. The unauthorized use of electronic devices during an examination.
 - i. Engaging in any other activity intended unfairly or false to receive credit for academic work which is not reflective or representative of the student's own efforts.
3. "Plagiarism" means the appropriation of another person's work or idea and the unacknowledged incorporation that work or idea into one's own work offered for credit.
4. "Collusion" means the unauthorized collaboration with another person preparing work for credit.

5. "Abuse of resource materials" means the mutilation, destruction, concealment, theft, or alteration of materials provided to assist students in the mastery of course materials.
6. "Academic work" means the preparation of an essay, problem, assignment, or other project that the student submits as a course requirement or for a grade.
7. The procedures for administering an academic penalty for dishonesty differ from ordinary student discipline cases. Texas State University System and college policies permit academic dishonesty cases to be first considered and reviewed by the faculty member. If, after reviewing the case, the faculty member determines that the student is guilty of the charge, the faculty member may assess an academic penalty prescribed by the college. Students have the right to appeal the decision to the Department Chair, Dean (if applicable), and eventually the Vice President for Academic Affairs (whose opinion shall be final) before imposition of the penalty.
8. During the appellate process, the student shall be entitled to written notice of the offense and/or the administrative decision, an opportunity to respond, and an impartial disposition as to the merits of the case. The procedures for considering and disposing of a student's appeal of an academic dishonesty decision are *not* the same as the procedures for resolving student grievances in matters relating to academic performance, i.e. the Student/Faculty Relations Committee is not involved.
9. After the process for assigning an academic penalty has been completed, and in particularly severe cases of academic dishonesty including but not limited to flagrant repeated violation, the Vice President for Academic Affairs may refer the matter to the Dean of Student Services for any additional discipline that may be appropriate. The process for considering disciplinary action shall not delay the consideration or implementation of an academic penalty.
10. Academic penalties for academic dishonesty are listed below.
 - a. Requiring a student to retake all or part of an examination or resubmit all or part of an academic work;
 - b. Assigning no credit, less than full credit, or a grade of "zero" to the part of the examination or academic work in question;
 - c. Assigning a grade of "zero" to the entire examination or academic work in question;
 - d. Assigning a grade of "F" for the course. In the case of a student's first offense the decision to fail the student for cheating should be one shared between the instructor and the Department Chair prior to notifying the student. In the case of a student with repeated violations, the faculty member may make this decision without consulting with the Department Chair, but must immediately notify the Department Chair of the action taken and the circumstances that prompted it.

Academic Grievance Procedures

To provide for the resolution of alleged grievances in matters relating to the academic performance of students in a prompt and equitable manner, appropriate instructional departments and divisions of the institution follow the provisions of these grievance and appellate procedures. The grievance procedures described in this section do not establish a contractual relationship between students and the institution, or between students and employees acting in behalf of the institution. Absolute compliance with the provisions of this section is required of students filing a grievance, while substantive compliance on the part of the institution and its employees shall be satisfactory. The provisions of the section are subject to change by action of the President or Board of Regents with or without prior notice to students. Instances of academic dishonesty are not subject to the provisions of this policy.

There shall be in each division a Student/Faculty Relations Committee. It shall be comprised of up to seven faculty members and three students. The membership of each Student/Faculty Relations Committee, including designation of a chairperson, shall be determined by procedures established by the Deans of the respective divisions. The committee may be appointed annually, permanently, or as needed. The committee should become involved in an alleged grievance only after normal procedures for resolving issues have been exhausted.

A student who claims a grievance because of grading or other actions by a faculty member or department that affect his or her academic standing MUST adhere to the following procedures:

1. The initial step in the normal procedure is for the student to discuss the issue with the offending party (usually a faculty member). This discussion between faculty member and student should occur within two working days of the action by the offending party. If the issue is not resolved, the student's second step MUST be to consult with the offending party's Program Coordinator. If a Program Coordinator is not employed in that instructional area, or if the Program Coordinator is the offending party, the student MUST appeal the matter directly from the offending party to the Department Chair. An appeal from the final decision of the offending party MUST be made to the next level- Program Coordinator or Department Chair- no later than 5:00 p.m. on the second working day following the final decision of the offending party.
2. When consulting with the Program Coordinator the student has the right to state what he/she perceives to be the facts of the issue without the offending party being present. After hearing the student's appeal, the Program Coordinator may call both parties together for a face-to-face discussion of the matter, although this is not required, or may pursue other methods for obtaining the information necessary for resolving the matter.
3. If the Program Coordinator cannot resolve the grievance to the student's satisfaction, the student may appeal the matter to the Department Chair. The appeal to the Department Chair MUST be made no later than 5:00 p.m. on the working day following the Program Coordinator's decision. The student has the right to state privately to the Department Chair what he/she perceives to be the facts of the matter without the offending party being present. The Program Coordinator may attend this conference unless he/she is the offending party. After hearing the student's appeal the Department Chair may conduct a meeting with

the student, offending party, and Program Coordinator in attendance, or may use other methods as he/she deems appropriate for gathering the information necessary to reach a decision.

4. If the Department Chair cannot resolve the issue in the student's favor, the student may appeal the matter to the Dean of the division or directly to the Vice President for Academic Affairs if the Dean's position is vacant or if the Dean is absent. The appeal to the Dean MUST be in writing, MUST specify what actions of the offending party are being appealed, MUST state what remedies the student expects from the Dean, and MUST be received by the Dean on later than 5:00 p.m. on the second working day following the student's notification of the Department Chair's decision. The student has the right to meet privately with the Dean and state what he/she perceives to be the facts of the issue without the offending party being present; however, the Dean may invite the Department Chair and Program Coordinator, if applicable, to be present with the exception that if either is the offending party that person will not be included in the meeting. Later, the Dean may convene a meeting with the student, offending party, Program Coordinator, and/or Department Chair present, or may use other appropriate methods for gathering information necessary to reach a decision.
5. The Dean will provide a written response to the student. If the Dean cannot resolve the issue through negotiation and discussion in the student's favor, the student may appeal the matter to the divisional Student/Faculty Relations Committee. The appeal is made through the Division Dean.
6. The student may address a written statement of alleged grievance to the Dean of the division or directly to the Vice President of Academic Affairs if the Dean's position is vacant or if the Dean is absent that MUST be received no later than 5:00 p.m. on the second working day following the student's notification of the Dean's decision. The student's written statement MUST specify the acts which necessitated the grievance, MUST identify the desired remedies, and MUST request that the Dean refer the grievance to the appointed Student/Faculty Relations Committee for action. The Student/Faculty Relations Committee shall represent the division that includes the department responsible for the course in which the offending act occurred.
7. The Student-Faculty Relations Committee will fully investigate the alleged grievance to determine if it has a basis in fact and results from an incorrect application of a departmental or institutional policy or procedure, an incorrect action by Lamar-Port Arthur personnel, or a combination of these factors. In the event that any member of the committee is a party to the alleged grievance, the Dean shall appoint a substitute member or ask a previously appointed alternate to serve as a substitute. After conducting its inquiry the committee shall present such findings and recommendations to the Dean of the Division as it, by majority vote, finds appropriate. If the committee determines that the grievance has a basis in fact due to these reasons it shall recommend specific redress to the Dean.
8. The Dean shall notify all involved persons and the Vice President for Academic Affairs by separate communication of the committee's findings and recommendations.

9. To assure prompt resolution of alleged grievances, the Student-Faculty Relations Committee shall make a reasonable effort to complete the committee report within two weeks (ten working days) from the date it receives the statement of grievance from the Dean. If this schedule cannot be followed the committee chairperson should notify the Dean and provide an estimate of the projected date on which the committee's work will be completed.
10. The Student/Faculty Relations Committee is not obligated to conduct a hearing as part of its investigation. However, in the event that the committee conducts a hearing the following procedures will be in place:
 - a. A minimum of three faculty members must be present to constitute a quorum.
 - b. The committee chair will vote only if his/her vote can change the outcome.
 - c. The Dean of the division or appropriate department chair if the Dean's position is vacant or if the Dean is absent may open the hearing with an overview of the history of the case, the reasons for the hearing, and the prescribed hearing procedures, or may delegate this responsibility to the committee chair.
 - d. The committee members may interrupt statements at any time for the purpose of asking questions or for clarification.
 - e. The student will open the hearing by stating the reasons for the appeal/grievance. The student will then present his/her version of the facts of the case.
 - f. The student may present witnesses to substantiate his/her case. Witnesses shall not be present in the hearing room either before or after making their statements. Witnesses presented by the student must testify to circumstances surrounding the act that caused the grievance and/or to corroborate the statements of the student, and shall not be character witnesses.
 - g. Following the student's presentation and any questions by the committee, the alleged offending party (or Program Coordinator or Department Chair if the grievance resulted from a program or departmental decision) may present the reasons for the acts that caused the grievance to be filed.
 - h. The committee has the power to ask other witnesses, students and employees to attend the hearing and provide additional information either before or after the student and offending party have made their presentations.
 - i. Following the presentations and questioning, the committee chair will allow both parties to make a brief closing statement.
 - j. After the closing statements the committee chair will ask all parties other than the committee members to leave the hearing room. The committee will then decide to deliberate immediately, determine if more facts are required, or postpone deliberations until another date.
11. The Student/Faculty Relations Committee shall at the conclusion of its considerations and deliberations report to the Dean one of the following:

In the considered opinion of the Student/Faculty Relations Committee, the alleged grievance has a basis in fact and results from (select one) an

incorrect application of a departmental or institutional policy or procedure, an incorrect action by Lamar-Port Arthur personnel, or a combination of these factors, and the specific redress recommended by the committee is

...

Or,

In the opinion of the Student/Faculty Relations Committee, the alleged grievance is not in fact a grievance resulting from an incorrect application of a departmental or institutional policy or procedure, an incorrect action by institutional personnel, or a combination of these factors and the appeal is rejected.

12. The decision and recommendation of the Student/Faculty Relations Committee is not binding on the administration of the institution. However, the Dean will give careful consideration to its findings when making a decision regarding the final disposition of the alleged grievance.
13. The Dean shall provide the student with a written account of the committee's recommendations and the Dean's decision concerning the final disposition of the alleged grievance.
14. Any alleged grievance regarding grades must be handled only in accordance with policies stated in the Faculty Handbook and Policy Manual. In most circumstances grades remain as recorded and are changed only by the instructor. In the event the instructor is no longer employed, the Department Chair and Division Dean are charged with the responsibility for changing grades. However, grades may be changed by the Department Chair and Dean when the Student/Faculty Relations Committee determines that a faculty member has failed to follow a previously established grade policy or has violated a departmental or institutional policy. The Division Dean and the Vice President for Academic Affairs have the authority to order the reinstatement of a student into a technical or allied health program.
15. In the event that the student involved in the alleged grievance should seek to appeal the decision and/or recommendation of the Student-Faculty Relations Committee or the Dean, the written appeal shall be addressed to the Vice President for Academic Affairs. An appeal of the final disposition of the grievance shall be considered only if it addresses one or more of the following criteria:
 - a. An allegation that the student was denied due process during the previous stages of appeal. If the Vice President determines that due process was denied the grievance shall be returned to the level at which due process was not granted, at which time it shall be afforded appropriate consideration. If the grievance cannot be resolved in the student's favor at this level the student has the right to repeat the appellate procedures through the Student/Faculty Relations Committee, if necessary.
 - b. A grievance concerning the denial of a right guaranteed under state or federal law or the Texas State University System Rules and Regulations.
16. In matters of appeal regarding the denial of a right guaranteed under law or System policy, the Vice President for Academic Affairs shall notify the Dean of Student Services regarding an alleged grievance based on a prohibited action. The Dean of Student Services shall inform the person who presented the alleged

grievance, the major Department Chair, the Division Dean, the Vice President for Academic Affairs, and the President of the final decision and disposition of the appeal.

17. Additional appeal procedures are provided to Lamar-Port Arthur students in the following areas:

- a. Academic Dishonesty/Student Conduct/Lamar-Port Arthur Discipline Code
- b. Traffic and Parking Regulations
- c. Racial Harassment
- d. Sexual Harassment

Class Attendance And Absences

Regular and punctual class attendance is important to the attainment of the educational objectives of the college. Instructors formulate an attendance policy consistent with departmental policies, but suited to the needs of the particular course. The instructor's policy is to be enforced in a consistent and uniform manner. However, determination of whether an absence is excused or approved is the responsibility of the instructor, except in the case of an approved absence for a college-sponsored activity or religious holy day. When absences, other than approved absences, interfere seriously with the student's performance, the instructor may recommend to the Department Chair that the student be dropped from the course.

A list of absences, approved because of college-sponsored activities, is maintained in the office of the approving Dean. A list of absences approved by the Vice President of Academic Affairs because of college-sponsored extra-curricular activities is maintained in the Office of Student Services. Absences also may be approved by the instructor. Approved absences call for the privilege to make up examinations and written assignments without penalty. This privilege does not necessarily extend to unapproved absences. Students may request the Office of Student Services to notify faculty members prior to or during an EXTENDED absence due to personal or family illness, accident, hospitalization, etc. This notification does not constitute an excused absence from class; however, it does advise the instructor as to the reason the student is absent and of the expected date of return to class.

Students with absences approved for college-sponsored activities should present a properly completed Excused Absence Form to their instructors. Such forms, signed by the approving administrator, should be presented to the instructor prior to the absence, if possible (if this is not possible, the form should be presented immediately upon returning to class).

Lamar State College-Port Arthur recognizes the right of college-affiliated groups and organizations to sponsor and hold off-campus events. The college assumes no responsibility for the conduct of participants nor for the financial and/or contractual obligations associated with off-campus events; however, the College does hold each group/organization and its officers responsible for abiding by all state and local laws and college policies.

Sponsoring groups or organizations and their officers are responsible for conducting off-campus events in a manner that reflects favorably upon themselves and the College, and for arrangements for adequate safeguards at these events.

Off-Campus Speakers

The freedom of speech and assembly guaranteed by the first and fourteenth amendments to the United States Constitution shall be enjoyed by the students of Lamar State College-Port Arthur in respect to the opportunity to hear off-campus (outside) speakers on the campus. Free discussion of subjects of either controversial or noncontroversial nature shall not be curtailed.

Since, however, there is no absolute right to assemble or to make or hear a speech at any time or place regardless of the circumstances, context of speech, purpose of assembly, or probable consequences of such meeting or speeches by outside speaker(s), the issuance of invitations to outside speaker(s) shall therefore be limited in the following ways:

1. Outside or off-campus speakers are not permitted to speak on campus unless specifically invited to do so by a recognized College group or organization.

The Dean of Student Services may, at his/her discretion, require that the meeting be chaired by a member of the administration or faculty, and may further require a statement to be made at the meeting that the views presented are not necessarily those of the institution or of the sponsoring group. By acceptance of the invitation to speak, the speaker shall assume full responsibility for any violation of the law committed by him/her while on campus.
6. The College reserves the right to assign facilities for all activities on campus.
7. A request made by a group/organization may be denied for failure to comply with the policy or if it is determined that the proposed speech will constitute a clear and present danger to the institutions orderly operation by the speaker's advocacy of such action as:

 - b. The willful damage or destruction, or seizure and subversion, of the institution's buildings or other property; or,

In determining the existence of a clear and present danger, all relevant factors will be considered, including whether such speaker has incited violence resulting in bodily harm to individuals and/or in the destruction of property or has willfully caused the forcible disruption of institutions. Consideration may also be given the climate of the campus in making a determination of probability of advocacy prompting a group or individual to action.

8. If an organization's request for an outside speaker is denied, the organization shall, upon written application to the President, obtain a hearing at the earliest possible time following the filing of its appeal. The President shall either concur or reverse the decision of the Dean of Student Services.

DISCIPLINE

College Discipline Code

Student discipline at Lamar State College-Port Arthur is based on an educational philosophy of helping students grow and mature into responsible citizens. When a student behaves in a manner which might require disciplinary action, a careful investigation of all facts is made and the student afforded every opportunity to assist in arriving at just and equitable decisions. A counseling conference with parents and/or instructors, conferences with peer groups, and other techniques as may seem appropriate may be employed in making discipline an educational experience.

Violations of the Law

By enrolling in a college, the individual gives up neither their rights nor their responsibilities as a citizen. Neither does the student acquire any sort of special status which exempts them from the requirement of all citizens to obey the laws of the land. In fact, students place themselves in a position of also accepting the rules and regulations of the college in which they elect to enroll. Such rules and regulations as may be adopted by the college are for the benefit of an orderly academic community. There can be no conflict between college rules and regulations and law. A student who violates a law and at the same time is in violation of college rules and regulations may expect to be dealt with by both civil authority and the institution since each has its own jurisdiction and responsibilities.

Delineation of Responsibilities

1. By delegation of the President of the College, the Dean of Student Services is designated as the official who has primary responsibility for student conduct and discipline. This delegation does not exclude members of the teaching faculty and staff from assisting in the promotion and promulgation of acceptable student conduct, not only as interpreters of policy but also as examples of responsible college and community citizenship
2. The chief college officer charged with responsibility for the cases of students conduct is the Dean of Student Services who is assisted by the Director of Student Activities in student conduct and disciplinary proceedings.
3. The campus Student/Faculty Relations Committee has authority for the disposition of cases involving infractions or breaches of conduct and violation of law which may properly come before it. The committee shall serve as an appellate body of the institution and shall convene when its deliberation may be required. When convened, the committee shall consist of up to seven (7) faculty members and three (3) student members. *Refer to the Faculty Handbook for more information.*
4. The Dean of Student Services may delegate jurisdiction to appropriate student judicial bodies. Judicial bodies recognized as having jurisdiction in disciplinary action proceedings are:
 - a. Student Supreme Court
 - b. Student Traffic Court, and
 - c. Departmental or committee

Discretionary Review

The Dean of Student Services, The President or the Board of Regents may on their initiative review any disciplinary case, then upon such review may approve, reject, or modify the lower decision, or may remand the decision to the hearing for presentation of additional evidence and reconsideration of the decision.

Student Rights and Responsibilities

Upon enrolling at Lamar State College-Port Arthur, the student neither loses the right, nor escapes the duties and responsibilities of a citizen. As benefactor of great opportunities, partially at the expense of the State of Texas, students-citizens have a responsibility to themselves, to fellow students, to the laws of the land, and to the institution in which by choice, they have enrolled. The college holds the rights and responsibilities of students to include

1. Rights
 - a. The right to expect an education of the highest quality,
 - b. The right to develop their potential to the best of their abilities,
 - c. The right to inquire about and to recommend improvement in policies, regulations, and procedures affecting the welfare of students. This right is best exercised through the use of appropriate channels provided by Student Government and college officials and
 - d. The right to counsel, a fair hearing, and appeal when a disciplinary action is applied individually or as a group member.
2. Responsibilities
 - a. The responsibility to be fully acquainted with regulations published in the official college publications and to comply with them in the interest of an orderly and productive academic community,
 - b. The responsibility of knowing that a student's conduct reflects not only upon the student, but also upon the institution and its citizenry,
 - c. The responsibility to follow tenets of common decency and behavior expected of any citizen in a democratic society, particularly in view of the aspirations implied by a college education,
 - d. The responsibility to respect the rights and property of others and
 - e. The responsibility to accept full responsibility for the consequences of any action which might be detrimental to the student, to the institution and its students, and to society at large.

Student's Right to Challenge Impartiality

The accused student may challenge the impartiality of the Hearing Officer or a member of the Hearing Committee at any time prior to the introduction of any evidence. The Hearing Officer or member of the Committee shall be the sole judge of whether they can serve with fairness and objectivity. In the event the challenged Hearing Officer or member of the Hearing Committee chooses not to serve, a substitute will be chosen in accordance with procedures adopted by the College.

- A. No person or group of persons acting in concert may willfully engage in disruptive activity or disrupt a lawful assembly on the campus or property of any private or public school or institution of higher education or public vocational and technical school or institute.

- D. A person who violates any provision of this section, is guilty of a misdemeanor and upon conviction is punishable by a fine not to exceed \$200.00 or by confinement in jail for not less than 10 days nor more than 6 months, or both.

 - 1) Compliance with college regulations,
 - 2) Taking reasonable steps, as a group, to prevent violations of law or college regulations by its members and
 - 3) A willingness to deal individually with those members of the group whose behavior reflects unfavorably upon the group or upon the College.
- B. Failure to accept the responsibilities of group membership may subject the organization to permanent or temporary withdrawal or college recognition and/or support, social probation, denial of use of college facilities, or other appropriate action.
- C. The Dean of Student Services or designate has responsibility for initiating the expediting disciplinary action in any group offense case.

In order to ensure the safety of persons and property and to prevent any disruption of the educational and service functions of the college, all assemblies, demonstrations, marches, rallies, sit-ins, or other events on the campus must be registered with the Dean of Student Services.

Sponsoring groups or organizations and their officers or spokesmen will be responsible for the conduct of such events, including arrangements for adequate safeguards. In the case of individual students not acting in the name of the organization, the student(s) registering and/or organizing the event will be held as primarily responsible for the activities of the event and for the behavior of participants. Additionally, individual students will bear responsibility for their own behavior. Failure to register for such events will result in disciplinary action hearings.

Judicial Procedures

- A. Violations of law and of the standards of student conduct may be reported to the Office of Student Services for consideration and referral. This does not preclude direct referral of such matters to appropriate disciplinary agencies by faculty and students.
- B. The college distinguishes its responsibility for student conduct which is in violation of law as cases of separate jurisdiction. When a student or group of students stand in violation of law, they may be subject to college disciplinary action.
- C. The Office of Student Services shall insure that the best interests of any offending students are served by making use of appropriate college counseling and professional services and judicial agencies.
- D. In those cases of student conduct involving psychological or mental disturbance or other unusual circumstances, the Office of Student Services may take action other than the initiation of judicial proceedings.
- E. If information indicates that an offense has occurred, the following procedures shall be initiated:
 - 1. An official of the Office of Student Services will conduct an investigation of the alleged offense and ascertain all pertinent facts. In the course of the investigation, the student shall be advised of the purpose of the investigation and invited to assist in its resolution. Students will be afforded an opportunity to state their case informally or present information in support of their position, including mitigating circumstances.
 - 2. If it is determined that original jurisdiction should rest with other judicial bodies, the college official may refer the case directly to the proper agency for investigation.
 - 3. If the college official determines that disciplinary action should be taken, the student shall be advised in writing of the charges against him and afforded the opportunity to offer information that might be relevant to the necessity for, and extent of, disciplinary action.

Except in cases of expulsion, records of disciplinary actions are never permanently attached to official transcripts or other official documents attesting to the academic work of the student. Any transcript issued during a period of temporary suspension will carry the notation. "Disciplinary Suspension until. . ." This notation is removed at the end of the suspension period. Notations of disciplinary probation are not attached to transcripts.

COPYRIGHT POLICY

A. Purpose and Scope.

The purpose of the Lamar State College-Port Arthur copyright policy is to outline the respective rights of the institution and the member of its faculty, staff, and student body have in copyrightable materials created by them while affiliated with LSC-PA.

B. General Policy Statement.

Copyright is the ownership and control of the intellectual property in original works of authorship that is subject to copyright law. It is the policy of Lamar-Port Arthur that all rights in copyright shall remain with the creator of the work except as otherwise provided in Section X.C of the Faculty Handbook.

C. Ownership of Copyright.

Lamar-Port Arthur has developed the following policy regarding the ownership of copyrighted materials.

1. The Texas State University System and Lamar-Port Arthur claim no ownership of fiction, popular nonfiction, poetry, music compositions or other works of artistic imagination that are not institutional works. For other materials that are totally faculty generated with no college equipment or aid other than that routinely used by faculty in duties associated with teaching, the faculty member holds the copyright and complete intellectual property rights.
2. If the work is contracted in writing by the college of the employee on a work for hire basis, the college then owns the copyright and all benefits of the materials.
3. Copyright of materials (including software) that are developed with the significant use of funds, space, equipment, or facilities administered by the college, including but not limited to classroom and laboratory materials, but without any obligation by the college to others in connection with the support, shall be held by the college.
4. For the purpose of this policy, the provision of office or library space alone shall not be construed as constituting a significant use of funds, substantial resources, space, equipment, or facilities, except in those situations where the office or library facilities were provided specifically to support the development of the materials in question. Substantial resources shall include, but shall not be limited to, the purchase of new technology software or equipment not normally needed for the employee's duties, and/or a substantial monetary award explicitly for the creation of the work.
5. Copyright ownership of all materials (including software) developed in the course of or pursuant to a sponsored research or support agreement (i.e., an agreement which provides funds, space, equipment, or facilities for research purposes), shall be determined in accordance with the terms of such agreement, or, in the absence of such terms, the copyright shall be

held by the college. The agreement may grant an employee a non-exclusive educational license allowing the employee to share royalties from third parties using the materials.

D. Ownership of Copyright Mediated Courseware.

1. Mediated courseware includes, but is not necessarily limited to, instructional material delivered over the Internet, synchronous or asynchronous video or audio courses, components of courses, or instructional support materials.
2. Copyright of mediated courseware developed without specific direction of significant support of Lamar State College-Port Arthur shall remain with the employee. No royalty, rent, or other consideration shall be paid to the employee or former employee when that mediated courseware or a modification thereof is used for instruction by the college. The employee or former employee shall take no action that limits the college's right to use the instructional materials and shall provide written notice on the courseware itself of the institution's right of use. See Chapter V, Paragraph 4.76 of the System Rules and Regulations and Section III of the Faculty Handbook for policies on noncompetitive use of employee-owned, mediated courseware.
3. Copyright of mediated courseware developed at the specific direction or with the substantial resources of the college shall be jointly held by the college and the employee, unless otherwise specified at the time commissioning of the work, and shall not be used without written consent of the college. The college shall have the right to modify the courseware and decide who will utilize it in instruction. Royalties or revenues generated from the licensing of such mediated courseware may be jointly shared with the employee as noted in Section III, Paragraph 11 of the System Rules and Regulations.
4. For the purpose of this policy, the provision of an office or library facilities alone shall not be construed as constituting substantial resources, space, equipment, or facilities, unless they were provided specifically to support the development of the material in question.

E. Distribution of Copyright Royalties

1. Creators of copyrightable material not owned by Lamar State College-Port Arthur, or to which the college has relinquished any ownership claim, own the copyrights in their work and are free to publish them, register the copyright, and receive any revenues which may result therefrom.
2. Royalty income received by Lamar-Port Arthur through the sale, licensing, leasing, or use of copyrightable material in which the college has a property interest will normally be shared with the author and the institution.

- a. The net royalties or other net income received by the college will, in most cases, be distributed under a formula of 50 percent to the author and 50 percent to the institution.
 - b. Any distribution which grants the author more than 50 percent of net royalties requires the approval of the Board of Regents.
 - c. In the event of multiple authors, the proper distribution of the 50 percent author's share shall be determined by the President, as appropriate.
 - d. Disposition of the 50 percent dedicated to the institution is within the President's discretion.
3. In the event that an author contributes a personal work to the college, a written agreement accepting such contribution shall be executed. The terms of the agreement shall include a statement governing the division of royalties between the institution and the author.
 4. In cases of external funding, the terms of the funding agreement shall govern the division of any royalties that may result in commercialization of materials resulting therefrom. In the event that the funding agreement vests royalty rights in Lamar-Port Arthur, the author shall be entitled to the same proportionate share he or she would have received if the work had not been extramurally funded. Such a royalty payment to the author, however, may not violate the terms of the funding agreement. Such share shall be a proportion of whatever share is owned by the college under the terms of the funding agreement and this policy.

F. Revision of Materials.

Materials owned by the college under the terms of this policy shall not be altered or revised without providing the author a reasonable opportunity to assume the responsibility for the revision. If the author declines the opportunity to revise such material, the President will make the assignment of responsibility for the revision.

G. Withdrawal of Materials.

Materials owned by the college shall be withdrawn from use when the college, in consultation with the author, deems such use to be obsolete or inappropriate.

H. Student Work

A student shall retain all rights to work created as part of a class or using college technology resources.
