Campus Security

The function of a campus security authority is to report to the official or office designated by the institution to collect crime report information, such as the Campus Security department (and possibly Port Arthur Police Department), those allegations of Clery Act crimes that he or she receives. CSAs are responsible for reporting allegations of Clery Act crimes that are reported to them in their capacity as a CSA. This means that CSAs are not responsible for investigating or reporting incidents that they overhear students talking about in a hallway conversation; that a classmate or student mentions during an in-class discussion; that a victim mentions during a speech, workshop, or any other form of group presentation; or that the CSA otherwise learns about in an indirect manner.

Lamar State College Port Arthur defines campus security authorities as the following: members of administration, deans, department chairs, directors, athletic coaches, assistant athletic coaches, and student organization advisors.

Since the presence of international students also entails responsibility for the College in meeting certain distinctive needs, adequate provision must be made for doing so. 1.1 Based on its commitment to assure the safety and health of its students and employees, Lamar State College Port Arthur seeks to maintain a work and learning environment free of the unlawful manufacture, distribution, possession or use of a controlled substance or the abuse of alcohol. Drug and alcohol abuse affect the responsible conduct of business, teaching, and learning, and therefore will not be tolerated. This Student Handbook contains Lamar State College Port Arthur’s policy establishing a drug-free workplace. We intend that this policy comply with:

a. The Drug-free Workplace Act of 1988 found in 41 U.S.C. Chapter 701;

b. Section 2.4 (10) of Chapter V of the Rules and Regulations of the board of Regents, Texas State University System;
c. The Rules of the Texas Workers’ Compensation Commission, found in 28 TAC Chapter 169; and

1) To maintain a safe and healthy environment for all students and employees;
2) To maintain the good reputation of the College and its employees;
3) To minimize accidental injuries to a person or property;
4) To keep absenteeism and tardiness at a minimum and to improve the effective performance of job duties and productivity of all employees and the educational performance of all students;
5) In appropriate circumstances, to assist students and employees in securing substance abuse rehabilitation;
6) To comply with the federal Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act Amendments of 1989, and other applicable legislation;
7) To adopt and implement a program to prevent use of illicit drugs and abuse of alcohol by students and employees;
8) This policy shall be in addition to any drug abuse policy or policies relating to participation in intercollegiate athletics.

Definitions
As used in this policy, the following definitions apply:

2.1 “Drugs or other controlled substances” mean any substance, other than alcohol, capable of altering an individual’s mood, perception, pain level or judgment.

2.11 A “prescribed drug” is any substance prescribed for individual consumption by a licensed medical practitioner. It includes prescribed drugs and over-the-counter drugs which have been legally obtained and are being used for the purpose for which they were prescribed or manufactured.

2.12 An “illicit drug” or chemical substance is (a) any drug or chemical substance for the use, sale or possession of which is illegal under any state or federal law or (b) one which is legally obtainable but has not been legally obtained. The term includes prescribed drugs not legally obtained and prescribed drugs not being used for prescribed purposes.

2.13 The term “controlled substance” means a controlled substance in schedules I through V of Section 202 of the Controlled Substance Act (21U.S.C.S. 812) or which possession, sale or delivery results in criminal sanctions under the Texas Controlled Substances Act (Art. 4476-15, TCS). In general, this includes all prescription drugs, as well as those substances for which there is no generally accepted medicinal use (e.g., heroin, LSD, marijuana, etc.) and substances
which possess chemical structures similar to that of the controlled substance (e.g., “Designer Drugs”). The term does not include alcohol.

2.2 “Alcohol” refers to any beverage that is “alcohol or any beverage containing more than one-half of one percent of alcohol by volume, which is capable of use for beverage purposes, either alone or when diluted.”

2.3 “Alcohol abuse” means the excessive use of alcohol in a manner that interferes with (1) physical or psychological functioning, (2) social adaptation, (3) educational performance, or (4) occupational functioning.

2.4 The term “conviction” means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

2.5 “Cause for reasonable suspicion” shall be established by: (1) observation; (2) action/behaviors of the individual; (3) witness by supervisor or other reliable individual of possession or use; or (4) any other legal measure used for alcohol or drug detection.

2.6 The term “criminal drug statute” means a criminal statute involving manufacture, distribution, dispensation, use, or possession of any controlled substance.

2.7 “Sanctions” may include completion of an appropriate rehabilitation or assistance program, probation, expulsion, termination, or referral to authorities for prosecution. If an employee has been convicted of a criminal drug statute, sanctions must be imposed within 30 days.

Policy

3.1 Standards of Conduct. The unlawful manufacture, distribution, possession or use of illicit drugs or alcohol are strictly prohibited.

3.2 Sanctions will be imposed on students and employees (consistent with local, state, and federal law) up to and including expulsion or termination of employment and referral for prosecution for violation of the standards of conduct set forth in 3.1 above.

### Grade Point Average

The grade point average is used in the determination of academic standing, rank in class, eligibility for graduation, etc. In order to compute Lamar State College Port Arthur grade averages, quality points are assigned to letter grades as follows: to the grade A, 4 points; to B, 3 points; to C, 2 points; to D, 1 point and to F, I, S, U, Q, W, 0 points. The number of grade points earned in a course is obtained by multiplying the number of semester credit hours by the number of quality points assigned to the letter grade made in the course.

The grade point average is calculated by dividing the total number of grade points earned by the total number of semester hours attempted in courses for which the grades A, B, C, D, F, and I are assigned. Thus, for grades S, U, Q and W, neither semester hours nor grade points are used in the computation of the grade point average. Hours attempted provide all work taken whether passed, failed or repeated.

### Grade Replacement

Students have one opportunity to replace a grade earned in a course. If a student repeats a course, the official grade will be the second graded earned, regardless of whether it is higher, lower or the same. The first grade remains on the student’s official transcript. A course completed at another institution will not replace the grade earned at Lamar State College Port Arthur in the calculation of the student’s cumulative grade point average, nor will a grade earned in a LSCPA course replace a transcript grade earned for the same course at another institution. Any grade earned by further repetition of a course (third and subsequent grades earned in the same course) will be included in the calculation of a student’s cumulative grade point average.

Students receiving various forms of financial aid or VA benefits who repeat a course may have complications regarding their financial aid award. These students must consult the Financial Aid Office prior to repeating a course under the provisions of the program.

### Hazing

The College reserves the right to take disciplinary action against individual students and/or groups who are involved in hazing activities. Such disciplinary action may be taken independently of state or local prosecutorial actions, regardless of the outcome of such prosecutorial actions. Hazing on the part of students, faculty, or staff is strictly forbidden, whether on or off campus. The state law providing penal sanctions in the event of a conviction of hazing is set forth in sections 4.51-4.58, Texas Education Code, and provides in part, as it pertains to students, as follows:

1. **Hazing** means any intentional, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The term includes but is not limited to:

Students purchase and receive their ID cards during the registration process. The Student ID fee is $5 and valid for two years. Lost or stolen Student ID Cards can be replaced after payment is made at the Business Office.

The card must be validated each semester the student is enrolled. Student ID’s are prepared on the second floor of the Student Center.

Title IX/Sexual Misconduct

The Texas State University System and Lamar State College Port Arthur are firmly committed to maintaining an educational environment free from all forms of sex discrimination.

Sexual misconduct is a form of sex discrimination and will not be tolerated. Lamar State College-Port Arthur will maintain an environment that promotes prompt reporting of all types of sexual misconduct and timely and fair resolution of sexual misconduct complaints. LSCPA will take prompt and appropriate action to eliminate sexual misconduct when such is committed, prevent its recurrence, and remedy its effects.

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in educational programs and activities. Sexual harassment of students or employees, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX.

Lamar State College Port Arthur is committed to creating an environment free of harassment and discrimination.

Title IX Training Requirement

Congress passed legislation that requires new students at all colleges and universities to complete training on sexual assault and violence prevention prior to attending class. All new and transfer LSCPA students must complete the online Title IX/Clery Act Training Course prior to registering for class.
Once a new student is admitted, a link to our online training course is sent to the students My.Lamarpa.edu email account. Each student must complete the training course before registering for classes. Failure to complete this training will impact a student’s ability to register for classes. The training course allows the student to work at their own pace and leave the course to return at a later time. When the student returns to the training session, the course will open to the page where you stopped. Upon completion, students should download their Certificate of Completion. LSCPA is also notified when a student successfully completes the course.

Students that need help accessing the training should contact the Registrar’s office. Students that need help accessing their My.LamarPA.edu email account should contact the IT Help Desk.

**Title IX Reporting**

While we encourage students to report directly to designated Title IX staff, we understand that you may feel more comfortable reaching out to a known, trusted faculty or staff member. LSCPA faculty and staff are Responsible Employees under Title IX, which means that they are required to report incidents of sexual misconduct to the Title IX Coordinator. As such, if you report to a Responsible Employee, Title IX staff will follow up with you in a timely manner.

The Title IX policy can be accessed [here](https://www.lamarpa.edu/Lamar/media/Lamar/Files/Policies/TSUS-Sexual-Misconduct-Policy-and-Procedure.pdf):

ACADEMIC POLICIES

Academic Dishonesty

Lamar State College Port Arthur expects all students to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action.

1. Lamar State College Port Arthur and its official representatives, acting in accordance with part 10 below, may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including but not limited to: cheating on an examination or other academic work which is to be submitted, plagiarism, collusion, and the abuse of resource materials. Definitions and penalties for academic dishonesty infractions shall be the same regardless of whether the offense occurs on the campus or in an on-line course.

2. “Cheating” includes but is not limited to:
   a. Copying from another student’s test paper, laboratory report, other report, computer files, data listings, and/or programs.
   b. Using, during a test, materials not authorized by the person administering the test.
   c. Collaborating, without authorization, with another person during an examination or in preparing academic work.
   d. Knowing, and without authorization, using, buying, selling, stealing, soliciting, coping, transporting, or possessing, in whole or in part, the contest of an un-administered test.
   e. Substituting for another student; permitting any other person, or otherwise assisting any other person, to substitute for oneself or for another student in the taking of an examination or the preparation of academic work to be submitted for academic credit.
   f. Bribing another person to obtain an un-administered test or information about an un-administered test.
   g. Purchasing, or otherwise acquiring and submitting as one’s own work, any research paper or other writing assignment prepared by an individual or firm. The section does not apply to the typing of the
rough and/or final versions of an assignment by a professional typist.

h. The unauthorized use of electronic devices during an examination.

i. Engaging in any other activity intended unfairly or false to receive credit for academic work which is not reflective or representative of the student’s own efforts.

3. “Plagiarism” means the appropriation of another person’s work or idea and the unacknowledged incorporation that work or idea into one’s own work offered for credit.

4. “Collusion” means the unauthorized collaboration with another person preparing work for credit.

5. “Abuse of resource materials” means the mutilation, destruction, concealment, theft, or alteration of materials provided to assist students in the mastery of course materials.

6. “Academic work” means the preparation of an essay, problem, assignment, or other project that the student submits as a course requirement or for a grade.

7. The procedures for administering an academic penalty for dishonesty differ from ordinary student discipline cases. Texas State University System and college policies permit academic dishonesty cases to be first considered and reviewed by the faculty member. If, after reviewing the case, the faculty member determines that the student is guilty of the charge, the faculty member may assess an academic penalty prescribed by the college. Students have the right to appeal the decision to the Department Chair, Dean (if applicable), and eventually the Vice President for Academic Affairs (whose opinion shall be final) before imposition of the penalty.

8. During the appellate process, the student shall be entitled to written notice of the offense and/or the administrative decision, an opportunity to respond, and an impartial disposition as to the merits of the case. The procedures for considering and disposing of a student’s appeal of an academic dishonesty decision are not the same as the procedures for resolving student grievances in matters relating to academic performance, i.e. the Student/Faculty Relations Committee is not involved.

9. After the process for assigning an academic penalty has been completed, and in particularly severe cases of academic dishonesty including but not limited to flagrant repeated violation, the Vice President for Academic Affairs may refer the matter to the Dean of Student Services for any additional discipline that may be appropriate. The process for considering disciplinary action shall not delay the consideration or implementation of an academic penalty.

10. Academic penalties for academic dishonesty are listed below.

   a. Requiring a student to retake all or part of an examination or resubmit all or part of an academic work;

   b. Assigning no credit, less than full credit, or a grade of “zero” to the part of the examination or academic work in question;

   c. Assigning a grade of “zero” to the entire examination or academic work in question;

   d. Assigning a grade of “F” for the course. In the case of a student’s first offense the decision to fail the student for cheating should be one shared between the instructor and the Department Chair prior to notifying the student. In the case of a student with repeated violations, the faculty member may make this decision without consulting with the Department Chair, but most immediately notify the Department Chair of the action taken and the circumstances that prompted it.

**Academic Grievance Procedures**

To provide for the resolution of alleged grievances in matters relating to the academic performance of students in a prompt and equitable manner, appropriate instructional departments and divisions of the institution follow the provisions of these grievance and appellate procedures. The grievance procedures described in this
section do not establish a contractual relationship between students and the institution, or between students and employees acting in behalf of the institution. Absolute compliance with the provisions of this section is required of students filing a grievance, while substantive compliance on the part of the institution and its employees shall be satisfactory. The provisions of the section are subject to change by action of the President or Board of Regents with or without prior notice to students. Instances of academic dishonesty are not subject to the provisions of this policy.

There shall be in each division a Student/Faculty Relations Committee. It shall be comprised of up to seven faculty members and three students. The membership of each Student/Faculty Relations Committee, including designation of a chairperson, shall be determined by procedures established by the Deans of the respective divisions. The committee may be appointed annually, permanently, or as needed. The committee should become involved in an alleged grievance only after normal procedures for resolving issues have been exhausted.

A student who claims a grievance because of grading or other actions by a faculty member or department that affect his or her academic standing MUST adhere to the following procedures:

1. The initial step in the normal procedure is for the student to discuss the issue with the offending party (usually a faculty member). This discussion between faculty member and student should occur within two working days of the action by the offending party. If the issue is not resolved, the student’s second step MUST be to consult with the offending party’s Program Coordinator. If a Program Coordinator is not employed in that instructional area, or if the Program Coordinator is the offending party, the student MUST appeal the matter directly from the offending party to the Department Chair. An appeal from the final decision of the offending party MUST be made to the next level- Program Coordinator or Department Chair- no later than 5:00 p.m. on the second working day following the final decision of the offending party.

2. When consulting with the Program Coordinator the student has the right to state what he/she perceives to be the facts of the issue without the offending party being present. After hearing the student’s appeal, the Program Coordinator may call both parties together for a face-to-face discussion of the matter, although this is not required, or may pursue other methods for obtaining the information necessary for resolving the matter.

3. If the Program Coordinator cannot resolve the grievance to the student’s satisfaction, the student may appeal the matter to the Department Chair. The appeal to the Department Chair MUST be made no later than 5:00 p.m. on the working day following the Program Coordinator’s decision. The student has the right to state privately to the Department Chair what he/she perceives to be the facts of the matter without the offending party being present. The Program Coordinator may attend this conference unless he/she is the offending party. After hearing the student’s appeal the Department Chair may conduct a meeting with the student, offending party, and Program Coordinator in
attendance, or may use other methods as he/she deems appropriate for gathering the information necessary to reach a decision.

4. If the Department Chair cannot resolve the issue in the student’s favor, the student may appeal the matter to the Dean of the division or directly to the Vice President for Academic Affairs if the Dean’s position is vacant or if the Dean is absent. The appeal to the Dean MUST be in writing, MUST specify what actions of the offending party are being appealed, MUST state what remedies the student expects from the Dean, and MUST be received by the Dean on later than 5:00 p.m. on the second working day following the student’s notification of the Department Chair’s decision. The student has the right to meet privately with the Dean and state what he/she perceives to be the facts of the issue without the offending party being present; however, the Dean may invite the Department Chair and Program Coordinator, if applicable, to be present with the exception that if either is the offending party that person will not be included in the meeting. Later, the Dean may convene a meeting with the student, offending party, Program Coordinator, and/or Department Chair present, or may use other appropriate methods for gathering information necessary to reach a decision.

5. The Dean will provide a written response to the student. If the Dean cannot resolve the issue through negotiation and discussion in the student’s favor, the student may appeal the matter to the divisional Student/Faculty Relations Committee. The appeal is made through the Division Dean.

6. The student may address a written statement of alleged grievance to the Dean of the division or directly to the Vice President of Academic Affairs if the Dean’s position is vacant or if the Dean is absent that MUST be received no later than 5:00 p.m. on the second working day following the student’s notification of the Dean’s decision. The student’s written statement MUST specifically state which necessitated the grievance, MUST identify the desired remedies, and MUST request that the Dean refer the grievance to the appointed Student/Faculty Relations Committee for action. The Student/Faculty Relations Committee shall represent the division that includes the department responsible for the course in which the offending act occurred.

7. The Student-Faculty Relations Committee will fully investigate the alleged grievance to determine if it has a basis in fact and results from an incorrect application of a departmental or institutional policy or procedure, an incorrect action by Lamar State College Port Arthur personnel, or a combination of these factors. In the event that any member of the committee is a party to the alleged grievance, the Dean shall appoint a substitute member or ask a previously appointed alternate to serve as a substitute. After conducting its inquiry the committee shall present such findings and recommendations to the Dean of the Division as it, by majority vote, finds appropriate. If the committee determines that the grievance has a basis in fact due to these reasons it shall recommend specific redress to the Dean.

8. The Dean shall notify all involved persons and the Vice President for Academic Affairs by separate communication of the committee’s findings and recommendations.

9. To assure prompt resolution of alleged grievances, the Student-Faculty Relations Committee shall make a reasonable effort to complete the committee report within two weeks (ten working days) from the date it receives the statement of grievance from the Dean. If this schedule cannot be followed the committee chairperson should notify the Dean and provide an estimate of the projected date on which the committee’s work will be completed.

10. The Student/Faculty Relations Committee is not obligated to conduct a hearing as part of its investigation. However, in the event that the committee conducts a hearing the following procedures will be in place:
   a. A minimum of three faculty members must be present to constitute a quorum.
   b. The committee chair will vote only if his/her vote can change the outcome.
c. The Dean of the division or appropriate department chair if the Dean’s position is vacant or if the Dean is absent may open the hearing with an overview of the history of the case, the reasons for the hearing, and the prescribed hearing procedures, or may delegate this responsibility to the committee chair.

d. The committee members may interrupt statements at any time for the purpose of asking questions or for clarification.

e. The student will open the hearing by stating the reasons for the appeal/grievance. The student will then present his/her version of the facts of the case.

f. The student may present witnesses to substantiate his/her case. Witnesses shall not be present in the hearing room either before or after making their statements. Witnesses presented by the student must testify to circumstances surrounding the act that caused the grievance and/or to corroborate the statements of the student, and shall not be character witnesses.

g. Following the student's presentation and any questions by the committee, the alleged offending party (or Program Coordinator or Department Chair if the grievance resulted from a program or departmental decision) may present the reasons for the acts that caused the grievance to be filed.

h. The committee has the power to ask other witnesses, students and employees to attend the hearing and provide additional information either before or after the student and offending party have made their presentations.

i. Following the presentations and questioning, the committee chair will allow both parties to make a brief closing statement.

j. After the closing statements the committee chair will ask all parties other than the committee members to leave the hearing room. The committee will then decide to deliberate immediately, determine if more facts are required, or postpone deliberations until another date.

13. The Dean shall provide the student with a written account of the committee's recommendations and the Dean's decision concerning the final disposition of the alleged grievance.

14. Any alleged grievance regarding grades must be handled only in accordance with policies stated in the Policy and Procedure Manual. In most circumstances grades remain as recorded and are changed only by the instructor. In the event the instructor is no longer employed, the Department Chair and Division Dean are charged with the responsibility for changing grades. However, grades may be changed by the Department Chair and Dean when the Student/Faculty Relations Committee determines that a faculty member has failed to follow a previously established grade policy or has violated a departmental or institutional policy. The Division Dean and the Vice President for Academic Affairs have the authority to order the reinstatement of a student into a technical or allied health program.

An appeal of the final disposition of the grievance shall be considered only if it addresses one or more of the following criteria:
   a. An allegation that the student was denied due process during the previous stages of appeal. If the Vice President determines that due process was denied the grievance shall be returned to the level at which due process was not granted, at which time it shall be afforded appropriate consideration. **Attendance**

Regular and punctual class attendance is important to student success. Instructors formulate an attendance policy consistent with departmental policies, but suited to the needs of the particular course.

Attendance policies are enforced in a consistent and uniform manner. However, determination of whether an absence is excused or approved is the responsibility of the instructor, except in the case of an approved absence for a college-sponsored activity or religious holyday.
A list of absences, approved because of college-sponsored activities, is maintained in the office of the approving Dean or department chair/director. Absences also may be approved by the instructor. Approved absences call for the privilege to make up examinations and written assignments without penalty. This privilege does not extend to unapproved absences. Students may request the Office of Student Services to notify faculty members prior to or during an EXTENDED absence due to personal or family illness, accident, hospitalization, etc. This notification does not constitute an excused absence from class; however, it does advise the instructor as to the reason the student is absent and of the expected date of return to class.

Speakers

The freedom of speech and assembly guaranteed by the first and fourteenth amendments to the United States Constitution shall be enjoyed by the students of Lamar State College Port Arthur in respect to the opportunity to hear off-campus (outside) speakers on the campus. Free discussion of subjects of either controversial or noncontroversial nature shall not be curtailed.

Since, however, there is no absolute right to assemble or to make or hear a speech at any time or place regardless of the circumstances, context of speech, purpose of assembly, or probable consequences of such meeting or speeches by outside speaker(s), the issuance of invitations to outside speaker(s) shall therefore be limited in the following ways:

1. If a registered campus organization is sponsoring a campus speaker, it has the responsibility of making clear the fact that the organization, not the Component, is extending the invitation to speak and that any views the speaker may express are the speaker's own and not necessarily those of the System or of the Component.

2. No contract or formal commitment between any recognized group/organization and an outside speaker can be issued to an outside speaker without prior written approval by the Dean of Student Services. Requests may be obtained from the Director of Student Activities Office or go to the link on the State College Port Arthur webpage at http://www.lamarpa.edu/Lamar/media/Lamar/Images/SPEAKER-REQUEST-FORM.pdf

3. A “Speaker Request” form, signed by the student organization advisor must be turned in to the Director of Student Activities at least four weeks in advance of the speaking engagement. Publicity regarding the event should not be done prior to approval, and will not be approved for posting on campus prior to approval.

This Subsection does not apply to classes, seminars, symposia, and conferences intended for the use and benefit of students, faculty, staff, and invited guests. No person may obstruct or lessen in any way the opportunity for the audience to see and hear the speaker. The number of students, faculty, staff, and guests may be limited to prevent a hazard to the safety of the audience.

5. Off-campus speakers who have not been sponsored or invited by a registered student, faculty, or staff organization or by the Component administration shall be prohibited from speaking to groups in campus facilities and buildings unless the speaker is speaking to an off-campus organization that has been authorized to meet on the campus.

6. A person who has been convicted of a felony must be granted special approval by the Dean of Student Services to speak before a campus or group/organization.

7. The Dean of Student Services may, at his/her discretion, require that the meeting be chaired by a member of the administration or faculty, and may further require a statement to be made at the meeting that the views presented are not necessarily those of the institution or of the sponsoring group. By acceptance of the invitation to speak, the speaker shall assume full responsibility for any violation of the law committed by him/her while on campus.

8. The College reserves the right to assign facilities for all activities on campus.

9. A request made by a group/organization may be denied for failure to comply with the policy or if it is
determined that the proposed speech will constitute a clear and present danger to the institutions orderly operation by the speaker's advocacy of such action as:

a. The violent overthrow of the government of the United States, the State of Texas, or any political subdivision thereof; or,

b. The willful damage or destruction, or seizure and subversion, of the institution’s buildings or other property; or,

c. The forcible disruption or impairment of, or interference with the institutions regularly scheduled classes, or educational or service functions; or,

Consideration may also be given the climate of the campus in making a determination of probability of advocacy prompting a group or individual to actions that may need to a violent nature.

10. If an organization's request for an outside speaker is denied, the organization shall, upon written application to the President, obtain a hearing at the earliest possible time following the filing of its appeal. The President shall either concur or reverse the decision of the Dean of Student Services.

11. A “Speaker Request” form, signed by the student organization advisor must be turned in to the Director of Student Activities at least one week in advance of the speaking engagement. ### Discipline

#### Discipline Code

Student discipline at Lamar State College Port Arthur is based on an educational philosophy of helping students grow and mature into responsible citizens. When a student behaves in a manner which might require disciplinary action, a careful investigation of all facts is made and the student afforded every opportunity to assist in arriving at just and equitable decisions. A counseling conference with parents and/or instructors, conferences with peer groups, and other techniques as may seem appropriate may be employed in making discipline an educational experience.

#### Violations of the Law

By enrolling in a college, the individual gives up neither their rights nor their responsibilities as a citizen. Neither does the student acquire any sort of special status which exempts them from the requirement of all citizens to obey the laws. In fact, students place themselves in a position of also accepting the rules and regulations of the college in which they elect to enroll. Such rules and regulations as may be adopted by the college are for the benefit of an orderly academic community. There can be no conflict between college rules and regulations and law. A student who violates a law and at the same time is in violation of college rules and regulations may expect to be dealt with by both civil authority and the institution since each has its own jurisdiction and responsibilities.

#### Delineation of Responsibilities

1. By delegation of the President of the College, the Dean of Student Services is designated as the official who has primary responsibility for student conduct and discipline. This delegation does not exclude
members of the teaching faculty and staff from assisting in the promotion and promulgation of acceptable
student conduct, not only as interpreters of policy but also as examples of responsible college and
community citizenship

2. The chief college officer charged with responsibility for the cases of student’s conduct is the Dean of
Student Services who is assisted by the Director of Student Activities in student conduct and disciplinary
proceedings.

3. The campus Student/Faculty Relations Committee has authority for the disposition of cases involving
infractions or breaches of conduct and violation of law which may properly come before it. The committee
shall serve as an appellate body of the institution and shall convene when its deliberation may be
required. When convened, the committee shall consist of up to seven (7) faculty members and three (3)
student members. Refer to the Faculty Handbook for more information.

4. The Dean of Student Services may delegate jurisdiction to appropriate student judicial bodies. Judicial
bodies recognized as having jurisdiction in disciplinary action proceedings are:
   a. Student Supreme Court
   b. Student Traffic Court, and
   c. Departmental or committee

**Discretionary Review**

The Dean of Student Services, The President or the Board of Regents may on their initiative review any
disciplinary case, then upon such review may approve, reject, or modify the lower decision, or may remand
the decision to the hearing for presentation of additional evidence and reconsideration of the decision.

**Rights and Responsibilities**

Upon enrolling at Lamar State College Port Arthur, the student neither loses the
right, nor escapes the duties and responsibilities of a citizen. As
benefactor of great opportunities, partially at the expense of the State of
Texas, students-citizens have a responsibility to themselves, to fellow
students, to the laws of the land, and to the institution in which by choice, they
have enrolled. The college holds the rights and responsibilities of students to include

1. Rights
   a. The right to expect an education of the highest quality,
   b. The right to develop their potential to the best of their abilities,

   d. The responsibility to respect the rights and property of others and
   e. The responsibility to accept full responsibility for the consequences of any action which might be detrimental to the student, to the institution and its students, and to society at large.

Right to Challenge Impartiality
The accused student may challenge the impartiality of the Hearing Officer of a member of the Hearing Committee at any time prior to the introduction of any evidence. The Hearing Officer or member of the Committee shall be the sole judge of whether they can serve with fairness and objectivity. In the event the challenged Hearing Officer or member of the Hearing Committee chooses not to serve, a substitute will be chosen in accordance with procedures adopted by the College.

C. The Dean of Student Services or designate has responsibility for initiating the expediting disciplinary action in any group offense case.

In order to ensure the safety of persons and property and to prevent any disruption of the educational and service functions of the college, all assemblies, demonstrations, marches, rallies, sit-ins, or other events on the campus must be registered with the Dean of Student Services.

Sponsoring groups or organizations and their officers or spokesmen will be responsible for the conduct of such events, including arrangements for adequate safeguards. In the case of individual students not acting in the name of the organization, the student(s) registering and/or organizing the event will be held as primarily responsible for the activities of the event and for the behavior of participants. Additionally, individual students will bear responsibility for their own behavior. Failure to register for such events will result in disciplinary action hearings.

Judicial Procedures

A. Violations of law and of the standards of student conduct may be reported to the Office of Student Services for consideration and referral. This does not preclude direct referral of such matters to appropriate disciplinary agencies by faculty and students.

B. The college distinguishes its responsibility for student conduct which is in violation of law as cases of separate jurisdiction. When a student or group of students stand in violation of law, they may be subject to college disciplinary action.

C. The Office of Student Services shall insure that the best interests of any offending students are served by making use of appropriate college counseling and professional services and judicial agencies.
D. In those cases of student conduct involving psychological or mental disturbance or other unusual circumstances, the Office of Student Services may act other than the initiation of judicial proceedings.

E. If information indicates that an offense has occurred, the following procedures shall be initiated:

1. An official of the Office of Student Services will investigate of the alleged offense and ascertain all pertinent facts. In the course of the investigation, the student shall be advised of the purpose of the investigation and invited to assist in its resolution. Students will be afforded an opportunity to state their case informally or present information in support of their position, including mitigating circumstances.

2. If it is determined that original jurisdiction should rest with other judicial bodies, the college official may refer the case directly to the proper agency for investigation.

3. If the college official determines that disciplinary action should be taken, the student shall be advised in writing of the charges against him and afforded the opportunity to offer information that might be relevant to the necessity for, and extent of, disciplinary action.

Disciplinary Actions

The following disciplinary actions may be imposed by the College:

A. Permanent expulsion from the College,

B. Suspension from the College for a definite period of time. Students under disciplinary suspension are required to disassociate themselves from the college except for counseling appointments.

C. Disciplinary probation with or without loss of designated privileges for a specific period of time. Violation of terms of disciplinary probation or any college rule during the period of such probation subjects a student to suspension and/or

D. Loss of privileges:

1) Denial of the use of automobile on campus for a designated time.

2) Removal from elective or appointive office.

3) Removal from residence hall or other college housing.

4) Loss of such other privileges as may be consistent with the offense committed and the rehabilitation of the student.
Appeal Procedures

The student shall have the right to appeal and to be represented by counsel at the appeal hearing.

A. The Student/Faculty Relations Committee shall serve as the appellate body to hear appeals from the college judicial agencies.

1. If the student wishes to appeal, a student may do so within five (5) days from the date of disciplinary action by notifying the Dean of Student Services of their intention to appeal.

2. The Student/Faculty Relations Committee shall meet as soon as practical to consider an appeal. Ordinarily, consideration shall be limited to review of the initial hearing and decision.

3. The Student/Faculty Relations Committee may
   a. Affirm the action,
   b. Reduce or modify the action,
   c. Dismiss the charges if determination is made that action was taken on grounds not supported by substantial evidence and/or
   d. Return case to original judicial agency for further consideration

4. The appellate decision of the Student/Faculty Relations Committee shall be final. However, the student may appeal the decision of the committee to the Dean of Student Services:
   a. A question concerning procedural due process and/or
   b. A desire on the part of the student to introduce new information
   c. A case heard initially by the Student/Faculty Relations committee as a matter of original jurisdiction may be appealed to the Dean of Student Services, whose decision is final.

Disciplinary Records

All records pertaining to disciplinary cases are maintained by the Student Services office. They are periodically reviewed and destroyed when it is evident that they are no longer relevant.

Except in cases of expulsion, records of disciplinary actions are never permanently attached to official transcripts or other official documents attesting to the academic work of the student. Any transcript issued during a period of temporary suspension will carry the notation. “Disciplinary Suspension until . . .” This notation is removed at the end of the suspension period. Notations of disciplinary probation are not attached to transcripts.

Copyright Policy

A. Purpose.

The purpose of the Lamar State College Port Arthur copyright policy is to outline the respective rights of the institution and the member of its faculty, staff, and student body have in copyrightable materials created by them while affiliated with LSCPA.

B. Policy Statement.

Copyright is the ownership and control of the intellectual property in
original works of authorship that is subject to copyright law. It is the policy of State College Port Arthur that all rights in copyright shall remain with the creator of the work except as otherwise provided in Section X.C of the Faculty Handbook.

C. Ownership of Copyright.

Lamar State College Port Arthur has developed the following policy regarding the ownership of copyrighted materials.

1. The Texas State University System and Lamar State College Port Arthur claim no ownership of fiction, popular nonfiction, poetry, music compositions or other works of artistic imagination that are not institutional works. For other materials that are totally faculty generated with no college equipment or aid other than that routinely used by faculty in duties associated with teaching, the faculty member holds the copyright and complete intellectual property rights.

2. If the work is contracted in writing by the college of the employee on a work for hire basis, the college then owns the copyright and all benefits of the materials.

3. Copyright of materials (including software) that are developed with the significant use of funds, space, equipment, or facilities administered by the college, including but not limited to classroom and laboratory materials, but without any obligation by the college to others in connection with the support, shall be held by the college.

4. For the purpose of this policy, the provision of office or library space alone shall not be construed as constituting a significant use of funds, substantial resources, space, equipment, or facilities, except in those situations where the office or library facilities were provided specifically to support the development of the materials in question. Substantial resources shall include, but shall not be limited to, the purchase of new technology software or equipment not normally needed for the employee’s duties, and/or a substantial monetary award explicitly for the creation of the work.
5. Copyright ownership of all materials (including software) developed in the course of or pursuant to a sponsored research or support agreement (i.e., an agreement which provides funds, space, equipment, or facilities for research purposes), shall be determined in accordance with the terms of such agreement, or, in the absence of such terms, the copyright shall be held by the college. The agreement may grant an employee a non-exclusive educational license allowing the employee to share royalties from third parties using the materials.

D. Ownership of Copyright Mediated Courseware.

1. Mediated courseware includes, but is not necessarily limited to, instructional material delivered over the Internet, synchronous or asynchronous video or audio courses, components of courses, or instructional support materials.

2. Copyright of mediated courseware developed without specific direction of significant support of Lamar State College Port Arthur shall remain with the employee. No royalty, rent, or other consideration shall be paid to the employee or former employee when that mediated courseware or a modification thereof is used for instruction by the college. The employee or former employee shall take no action that limits the college’s right to use the instructional materials and shall provide written notice on the courseware itself of the institution’s right of use. See Chapter V, Paragraph 4.76 of the System Rules and Regulations and Section III of the Faculty Handbook for policies on non-competitive use of employee-owned, mediated courseware.

3. Copyright of mediated courseware developed at the specific direction or with the substantial resources of the college shall be jointly held by the college and the employee, unless otherwise specified at the time commissioning of the work, and shall not be used without written consent of the college. The college shall have the right to modify the courseware and decide who will utilize it in instruction. Royalties or revenues generated from the licensing of such mediated courseware may be jointly shared with the employee as noted in Section III, Paragraph 11 of the System Rules and Regulations.

4. For the purpose of this policy, the provision of an office or library facilities alone shall not be construed as constituting substantial resources, space, equipment, or facilities, unless they were provided specifically to support the development of the material in question.

E. Distribution of Copyright Royalties

1. Creators of copyrightable material not owned by Lamar State College Port Arthur, or to which the college has relinquished any ownership claim, own the copyrights in their work and are free to publish them, register the copyright, and receive any revenues which may result therefrom.

2. Royalty income received by Lamar State College Port Arthur through the sale, licensing, leasing, or use of copyrightable material in which the college has a property interest will normally be shared with the author and the institution.
   a. The net royalties or other net income received by the college will, in most cases, be distributed under a formula of 50 percent to the author and 50 percent to the institution.
   b. Any distribution which grants the author more than 50 percent of net royalties requires the approval of the Board of Regents.
   c. In the event of multiple authors, the proper distribution of the 50 percent author’s share shall be determined by the President, as appropriate.
   d. Disposition of the 50 percent dedicated to the institution is within the President’s discretion.

3. In the event that an author contributes a personal work to the college, a written agreement accepting such contribution shall be executed. The terms of the agreement shall include a statement governing the division of royalties between the institution and the author.
4. In cases of external funding, the terms of the funding agreement shall govern the division of any royalties that may result in commercialization of materials resulting therefrom. In the event that the funding agreement vests royalty rights in State College Port Arthur, the author shall be entitled to the same proportionate share he or she would have received if the work had not been extramurally funded. Such a royalty payment to the author, however, may not violate the terms of the funding agreement. Such share shall be a proportion of whatever share is owned by the college under the terms of the funding agreement and this policy.

F. Revision of Materials.

Materials owned by the college under the terms of this policy shall not be altered or revised without providing the author a reasonable opportunity to assume the responsibility for the revision. If the author declines the opportunity to revise such material, the President will make the assignment of responsibility for the revision.

G. Withdrawal of Materials.

Materials owned by the college shall be withdrawn from use when the college, in consultation with the author, deems such use to be obsolete or inappropriate.

H. Student Work

A student shall retain all rights to work created as part of a class or using college technology resources.
