Comments/Future Topics of Interest:

Active shooter repeat but helpful to newbies. QEP is understood. Personality is a good refresher. Stress relief was not needed. EAP program overview would have been better. Combine sessions from both days into one full day session. Do it the first week of school. Make the program a one day event. Thank you. Enjoyed it.
Enjoyed the tipster sections. Enjoyed the music and movement. Future topics – flipped learning, flipped lessons, flipped mastery, enhancing face to face classes with online components, enhancing any course with instructor created or instructor selected videos. Loved the sessions! Great job on Day #1! Enjoyed this change.
Very good. Great group of presentations. Thanks. Great job faculty!!! From the tipsters to presenters, all was informative and enjoyable! Thanks again Ms. Mary Lou for always taking care of our morning hunger. Great facilitation Michelle! Presentations and speakers were very helpful. I look forward to tomorrow's information.
One day faculty development please. The information presented was much more appropriate & helpful than previous development days. Great job. Thank you. One day faculty development day! Very helpful. Well organized. Good job!
